

THÉORIE DE LA DYNAMIQUE GÉOPOLITIQUE DE LA RÉPUBLIQUE DÉMOCRATIQUE DU CONGO

Lutte pour la persistance et la conquête de l'espace congolais

L'ouvrage pose le problème de la place de la RDC dans la géopolitique mondiale à un moment où le pays semble englouti dans la domination afro-africaine, avec sur son sol plusieurs armées africaines, au prétexte de se débarrasser d'un mouvement armé (M23) et de quelques autres groupes armés internes et étrangers. Aussi, sur tous les terrains des confrontations géopolitico-stratégiques, la R.D. Congo est absente, malgré ses immenses atouts géographiques, environnementaux, miniers, énergétiques, aquatiques, agricoles, aériens...

Face à cette vulnérabilité, Alphonse PONGOMBO ONOLOKE répond au défi géopolitique en soumettant à l'analyse scientifique l'essentiel de la dynamique géopolitique de la RDC, notamment sa nouvelle configuration, son nouveau destin géopolitique, sa géostratégie, la lutte pour la préservation et la conquête de l'espace. Par la théorie de la dynamique géopolitique en RDC, de sa genèse à ce jour comme un pays convoité et disputé, aux rivalités politiques, économiques, culturelles et militaro-stratégiques à l'échelle mondiale entre les différentes puissances comme stratégies d'accès à ces ressources stratégiques, il montre un processus d'actualisation de la puissance du pays pouvant compter sur ses atouts pour peser en influence sans nécessairement recourir à la force. Pour la survie de la République, l'auteur invite l'élite congolaise aux réflexions critiques et actualisées de sociologie des relations internationales, aux plans théorique et pratique des stratégies intelligentes de sortie d'enfermement sous domination.

Docteur en Relations Internationales, Alphonse PONGOMBO ONOLOKE est professeur à l'Université de Kinshasa en République Démocratique du Congo. Directeur au Ministère des Affaires étrangères (RDC), il est membre de plusieurs associations savantes.

Formal Peace and Informal War Zoë Marriage, 2013-05-02 Northern interventions into African countries at war are dominated by security concerns bolstered by claims of shared returns and reinforcing processes of development and security As global security and human security became prominent in development policy Congo was wracked by violent rule pillage internal fighting and

invasion In 2002 the Global and All Inclusive Peace was promoted by northern donors placing a formal peace on the mass of informalised wars Formal Peace and Informal War Security and Development in Congo examines how the security interests of the Congolese population have interacted with those of northern donors It explores Congo s contemporary wars and the peace agreed on in 2002 from a security perspective and challenges the asserted commonality of the liberal interventions made by northern donors It finds that the peace framed the multiple conflicts in Congo as a civil war and engineered a power sharing agreement between elite belligerents The book argues that the population were politically and economically excluded from the peace and have been subjected to control and containment when their security rests with power and freedom
