*Learning Through Citizen Science* National Academies of Sciences, Engineering, and Medicine, Division of Behavioral and Social Sciences and Education, Board on Science Education, Committee on Designing Citizen Science to Support Science Learning, 2019-01-28 In the last twenty years citizen science has blossomed as a way to engage a broad range of individuals in doing science Citizen science projects focus on but are not limited to nonscientists participating in the processes of scientific research with the intended goal of advancing and using scientific knowledge A rich range of projects extend this focus in myriad directions and the boundaries of citizen science as a field are not clearly delineated Citizen science involves a growing community of professional practitioners participants and stakeholders and a thriving collection of projects While citizen science is often recognized for its potential to engage the public in science it is also uniquely positioned to support and extend participants learning in science Contemporary understandings of science learning continue to advance Indeed modern theories of learning recognize that science learning is complex and multifaceted Learning is affected by factors that are individual social cultural and institutional and learning occurs in virtually any context and at every age Current understandings of science learning also suggest that science learning extends well beyond content knowledge in a domain to include understanding of the nature and methods of science *Learning Through Citizen Science Enhancing Opportunities by Design* discusses the potential of citizen science to support science learning and identifies promising practices and programs that exemplify the promising practices This report also lays out a research agenda that can fill gaps in the current understanding of how citizen science can support science learning and enhance science education *The Handbook of Community Practice* Marie Weil, Michael S. Reisch, Mary L. Ohmer, 2013 Written by some of the most influential scholars in the field this Handbook covers community development organizing planning and social change as well as key issues fields of practice and global approaches **Community Intervention** Jan Marie Fritz, Jacques Rhéaume, 2022-10-13 The second and expanded edition of this award winning book provides the most up to date and important efforts for improving the quality of life in communities around the world It focuses on community improvements in relation to the interdisciplinary field of clinical sociology The first part of the book includes updated analyses of important concepts and tools for community intervention It discusses the importance of centrally involving community members in all phases of community development activities Part II includes several completely new chapters and focuses on projects in a number of countries the United States Brazil South Africa Canada the Philippines and France It covers topics such as establishing human rights cities involving and empowering local communities research in communities the healthy cities movement and climate change This edition includes several new gender focused chapters addressing local level initiatives based on the recommendations of the Committee on the Elimination and Discrimination Against Women CEDAW women in prison and gender factors in climate risk The appendices include profiles of outstanding practitioners and scholar practitioners over the last 100 years This

edition includes contributions from well known scholars and practitioners in clinical sociology and is of interest to sociologists social policy makers social workers and sustainability researchers The first edition of this book received the Distinguished Scholarly Book Award from the Clinical Sociology Division of the International Sociological Association The International Handbook on Social Innovation Frank Moulaert, 2013-01-01 The challenges of poverty and social exclusion cannot be fully resolved through conventional public sector policies and market led innovation The case studies in this Handbook capture some of the key success factors of socially innovative action in different socio economic contexts This Handbook will inspire readers as it highlights the creativity and commitment of diverse enterprises and movements working for social innovation Anna Kajumulo Tibaijuka Minister for Lands Housing and Human Settlements United Republic of Tanzania and retired UN Under Secretary General immediate former Executive Director of UN HABITAT Social innovation may not be a new idea but it is clearly an idea whose time has come not least because the traditional models of innovation narrowly framed technical models have run their course and no longer resonate in a world of societal challenges This Handbook has two great merits it brings conceptual rigour to the debate and it provides compelling narratives of social innovation in practice Kevin Morgan Cardiff University UK In an era where social innovation is re emerging as an important policy framework for bringing social transformation this volume is a significant contribution to the theory and practice of social innovation The incremental discussion from concepts to theory to practice and then to social innovation research is supported by cases literally from all over the globe It moves the discourse from isolated models of neighbourhood engagements and social enterprises to a comprehensive multidimensional approach combining needs social relations and empowerment A must read for academicians learners practitioners and policy makers alike S Parasuraman Tata Institute of Social Sciences Mumbai India Social innovation is an important instrument for understanding how contemporary societies deal with social change and how social practices and policies intended to combat poverty and social exclusion are developed and implemented effectively The Handbook offers a valuable contribution to the development of a clear transdisciplinary and critical understanding of social innovation practices The reader will find an in depth discussion of the most important theoretical approaches to the concept and a thorough exposition of the epistemological and methodological framework for research in social innovation The volume includes a number of interesting case studies in different areas of social change and issues of policy and governance Enzo Mingione University of Milano Bicocca Italy This enriching Handbook covers many aspects of the scientific and socio political debates on social innovation today The contributors provide an overview of theoretical perspectives methodologies and instructive experiences from all continents as well as implications for collective action and policy They argue strongly for social innovation as a key to human development The Handbook defines social innovation as innovation in social relations within both micro and macro spheres with the purpose of satisfying unmet or new human needs across different layers of society It connects social innovation to empowerment dynamics thus giving a political

character to social movements and bottom up governance initiatives Together these should lay the foundations for a fairer more democratic society for all This interdisciplinary work written by scholars collaborating to develop a joint methodological perspective toward social innovation agency and processes will be invaluable for students and researchers in social science and humanities It will also appeal to policy makers policy analysts lobbyists and activists seeking to give inspiration and leadership from a social innovation perspective

**Planning for Healthy Communities** Joongsub Kim, 2025-09-16 This book investigates multi disciplinary approaches to addressing the health of disadvantaged communities through equitable community development systems CDSs The core concepts underlying the book are three dimensions of support infrastructure people human centering place place cultivating and ecosystem sustainable capitalization leveraging several theories community capital social justice from community development This book is based on the results of a recent grassroots citywide engagement driven initiative in Detroit and on best practice case studies in Chicago Indianapolis Cleveland Boston Philadelphia Minneapolis Richmond and Portland The initiative s significant outcomes include a consensus bolstered by those case studies on seven components deemed essential to an equitable system for community development This book proposes that the CDS can enhance community health if at least the following requirements are met 1 adoption of a community vitality framework as a citywide shared narrative 2 coordination across financial institutions to allocate funds equitably to underserved communities and 3 implementation of system governance with stronger attention to resident voices This book demonstrates that bottom up CDSs can and should be leveraged to enhance the health of underserved communities and investigates how best to address the three requirements to make the equitable system based approach work effectively in practice The audience of community development and community health actors will learn from Detroit and the case studies offering lessons for other cities facing similar issues how to leverage equitable CDSs to promote healthy communities
