Freedom Slavoj Žižek, 2023-10-05 We are all afraid that new dangers pose a threat to our hard won freedoms so what deserves attention is precisely the notion of freedom The concept of freedom is deceptively simple We think we understand it but the moment we try and define it we encounter contradictions In this new philosophical exploration Slavoj i ek argues that the experience of true radical freedom is transient and fragile Countering the idea of libertarian individualism i ek draws on philosophers Hegel Kierkegaard and Heidegger as well as the work of Kandinsky and Agatha Christie to examine the many facets of freedom and what we can learn from each of them Today with the latest advances in digital control our social activity can be controlled and regulated to such a degree that the liberal notion of a free individual becomes obsolete and even meaningless How will we be obliged to reinvent or limit the contours of our freedom Tracing its connection to everything from capitalism and war to the state and environmental breakdown i ek takes us on an illuminating and entertaining journey that shows how a deeper understanding of freedom can offer hope in dark times **Wretched Exotic** Katherine Joslin, Alan Price, 1993 A collection of essays considering Wharton as a cross cultural writer discussing the
