EU Competition Law Armando Avallone, 2016 *EU Competition Law* Armando Avallone, 2016 *EU Competition Law, Volume IV, State Aid, Second Edition, Book 2* Nicola Pesaresi, 2016 *The Concept of State Aid Under EU Law* Juan Jorge Piernas López, 2015-08-06 How has the evolution and transformation of the Common Market affected the legal concept of State aid How has State aid adapted to the development of the European Union These questions and more are answered in Juan Jorge Piernas López's examination of the historical political constitutional and economical events that have affected the development of State aid in the EU Examining three key interwoven arguments this book provides a richer understanding of current formulas which depict the concept of aid through the prism of policy and enforcement considerations First the book demonstrates that the concept of aid is a living instrument that has been applied in accordance with the main policy priorities of the European Commission Second contrary to what has been affirmed in other literature the evolution of this concept has been influenced by the broader advancement of the case law of the Court of Justice in different periods of the integration process Third the author contends that the study of the evolution of the concept of aid in light of policy and case law provides a holistic outlook valuable to the decision making process of difficult cases In this regard the book provides criteria to interpret and discuss cases including *Sloman Neptun* *Philip Morris* and *Azores* beyond the analysis traditionally adopted in this field **Public Service Media and Policy in Europe** K. Donders, 2011-11-15 An in depth account of EU policies in the area of public service broadcasting focusing mainly on the application of the European State aid rules The book discusses when how and with what impact the European Commission deals with public service broadcasting *The Evolving Governance of EU Competition Law in a Time of Disruptions* Carlo Maria Colombo, Kathryn Wright, Mariolina Elia, Antonio, 2024-02-08 This book develops a timely analysis of the complex trends and transformations emerging in EU competition law in the current turbulent times Repeated economic crises the climate emergency digitalisation and geopolitical and democratic threats are all having profound societal and economic effects on the EU In light of its fundamental role in the Treaties EU competition law has been called upon to play an important role in responding to this state of turbulence This brings about significant governance and constitutional challenges firstly by questioning how the governance of EU competition law is being transformed to respond and adapt Secondly these crisis induced transformations probe the logic and constitutional limits of EU competition law within the framework of EU law This collection brings together EU institutional and competition lawyers to reflect on the governance and constitutional challenges emerging from the post modernisation evolution of EU competition law against the backdrop of the recent multiple crises in the EU The essays focus on the substantive and procedural developments across the three main policy areas of EU competition law antitrust merger control and State aid EU constitutional and competition lawyers will be interested in this important new collection *An Introduction to Competition Law* Piet Jan Slot, Martin Farley, 2017-04-06 This book is intended to serve as a

first acquaintance with competition law It aims to reach a broad range of readers students teachers in further and higher education officials and practising lawyers who are not usually faced with competition law issues in their working lives This second edition has been fully updated in the light of the latest developments and covers both EU and UK competition law along with an introduction to the EU rules on State Aid It provides insight into the combined system of EU and UK competition law providing a broad range of examples for the three main subjects the prohibition of cartels the prohibition of the abuse of a position of dominance and the supervision of concentrations ie mergers and acquisitions Those examples are drawn from European and UK practice These greatly enhance the exposition of the general principles taking into account recent legislative and judicial developments

EU Competition Law, Volume 4 Leo Flynn, 2016-06-02 This volume constitutes a state of the art description and analysis of all aspects of the State aid discipline in EU competition law Above all it sets out all the novelties of the State Aid Modernization program which was launched in 2012 and completed in the summer of 2014 The second edition reviews all major guidelines frameworks and legislation including the Procedural Regulation the Enabling Regulation the General block exemption Regulation and the de minimis Regulation The book explains the Commission's overall approach to compatibility of State aid describes the new common principles for assessment and discusses the new requirements for evaluation and transparency It gives a detailed account of the new rules on research and development energy and environment including the ETS risk capital and risk finance regional development and rescue and restructuring of firms in difficulty The book also explains the first rules ever adopted by the Commission on important projects of common European interest It discusses the relationship between State aid and the Structural Funds in particular in light of the new use of those funds via financial instruments All the main economic sectors affected by the modernization program are discussed including broadband cinema public service broadcasting aviation maritime and land transport agriculture and fisheries A special section is dedicated to services of general economic interest SGEI introducing the new SGEI package and explaining how it has been applied The section on banking provides a full account of how the rules and enforcement practice have evolved since the start of the financial crisis and discusses the issues which arise with the introduction of the new regulatory framework for a European Banking Union The notion of aid section takes account of the most recent jurisprudence of the EU courts and the Commission's decisional practice thereby addressing issues frequently faced by practitioners and public authorities
