

Ethics with Barth: God, Metaphysics and Morals

Matthew Rose

Ethics With Barth God Metaphysics And Morals Barth Studies

Nigel Biggar

Ethics With Barth God Metaphysics And Morals Barth Studies:

Ethics with Barth Matthew Rose,2010 Matthew Rose offers the first treatment of Barth's ethics from a Roman Catholic perspective focusing particularly on Barth's ethics of creation in Church Dogmatics III 4 Among the topics treated are the connection between dogmatics and ethics the trinitarian nature of Christian ethics the relation between theological ethics and Christian moral philosophy the nature of the divine good Barth's conception of moral reasoning and his views on eudaimonism and the natural law Karl Barth's Church Dogmatics: An Introduction and Reader Michael Allen,2012-12-18 This reader from Karl Barth's multi volume Church Dogmatics offers an introduction to the whole work key readings in reasonable portions with introductions and provides helpful hints at secondary material An ideal textbook for all beginners studying the work of one of the most important theologians of the last century **Church as Moral Community** Michael D O'Neil,2014-07-08 This book details the development and contours of Karl Barth's robust and lively vision of Christian and ecclesial life in the early years of his career In this remarkable work Michael O Neil investigates Karl Barth's theology in the turbulent and dynamic years of his nascent career between 1915 and 1922 It focuses on the manner in which this great theologian construed Christian and ecclesial existence The author argues that Karl Barth developed his theology with an explicit ecclesial and ethical motive in a deliberate attempt to shape the ethical life of the church in the troublesome context within which he lived and worked O Neil adopts a chronological and exegetical reading of Barth's work from the initial dispute with his liberal heritage c 1915 until the publication of the second edition of his commentary on romans Not only does this work contribute to a broader understanding of Barth's theology both in its early development and with regard to his ecclesiology and ethics it also provides a significant framework and material for contemporary ecclesial reflection on Christian identity and mission *Karl Barth and Christian Ethics* William Werpehowski,2016-04-22 This critical study of Karl Barth's Christian theological ethics discusses Barth's controversial and characteristically misunderstood ethics of divine command The surprising relation of his divine command ethics to contemporary narrative theology and virtue ethics and specific moral themes concerning bonds between parents and children the nature of truth telling and the meaning of Christian love of God and neighbor are all discussed This book reveals Barth's richness depth and insight and places his work in constructive connection with salient themes in both Catholic and Protestant ethics Attentive to the fullness of Barth's Christological vision and to the purposes and limits of his reflections on the Christian life in pursuit of the good William Werpehowski also advances conversations in Christian ethics about the nature of practical deliberation and decision the orientation and dispositions that embody moral faithfulness and the question and features of natural morality Confidence in Life Matthew Lee Anderson,2023-12-28 Confidence in Life offers a theologically robust evaluation of the good of procreation which emerges out of both careful interactions with contemporary analytic philosophy and a reconstructed reading of Karl Barth's doctrine of pro creation While analytic moral philosophy has rarely been brought into close proximity

to Barth's work the conjunction underscores the deep difficulty of accounting for procreation's value within non-theological frameworks and helps clarify what is distinctive and valuable about Barth's own moral reasoning on this subject. Though primarily staged as an intervention in Protestant moral theology, Confidence in Life's rehabilitation of the Virgin Mary's role in Barth's thought has promise for an ecumenical retrieval of the good of procreating within the economy of redemption and its retrieval of honour as an indispensable aspect of Barth's theology will be of interest to Barth scholars and moral theologians alike.

Karl Barth's Moral Thought Gerald McKenny, 2021-08-26 Does theological ethics articulate moral norms with the assistance of moral philosophy? Or does it leave that task to moral philosophy alone while it describes a distinctively Christian way of acting or form of life? These questions lie at the very heart of theological ethics as a discipline. Karl Barth's theological ethics makes a strong case for the first alternative. Karl Barth's *Moral Thought* follows Barth's efforts to present God's grace as a moral norm in his treatments of divine commands, moral reasoning, responsibility, and agency. It shows how Barth's conviction that grace is the norm of human action generates problems for his ethics at nearly every turn as it involves a moral good that confronts human beings from outside rather than perfecting them as the kind of creature they are. Yet it defends Barth's insistence on the right of theology to articulate moral norms and it shows how Barth may lead theological ethics to exercise that right in a more compelling way than he did.

Ethics Karl Barth, 2013-11-01 Originally published in German in an edition edited by Dietrich Braun, Karl Barth's *Ethics* is at last available in English. This volume containing lectures given as courses at the University at Münster in 1928 and 1929 represents Barth's first systematic attempt at a theological account of Christian ethics. Although composed over fifty years ago just prior to Barth's thirty-year devotion to Church Dogmatics, many of its themes, problems, and conclusions are astonishingly relevant today: his critique of competitiveness and of technology, for example. While this work is concerned with the foundations of ethics, it also reveals Barth's highly practical interest in ethics and his special concern to avoid legalism and yet to maintain a structured divine command. Barth's ethics are arranged on a Trinitarian basis, dealing in succession with the command of God the Creator, life, the command of God the Reconciler, law, and the command of God the Redeemer, promise.

The Hastening that Waits Nigel Biggar, 1993 This book offers a fresh and up-to-date account of the ethical thought of one of the twentieth century's greatest theologians, Karl Barth. The author seeks to recover Barth's ethics from some widespread misunderstandings and also presents a picture of them as a whole. Drawing on recently published sources, Dr Biggar construes the ethics of the Church Dogmatics as it might have been had Barth lived to complete it, not only separately in each of its three constituent dimensions but also in its dynamic, coinherent integrity. However, *The Hastening that Waits* is more than apology and description. For it recommends to contemporary Christian ethics the theological rigour with which Barth expounds the good life in terms of the living presence of God in Christ to his creatures: his conception of right human action as that which is able to hasten in the service of humanity precisely by waiting prayerfully upon God and his discriminate openness to moral wisdom outside of the

Christian church Among the particular topics treated are the concepts of human freedom and of created moral order moral norms and their relation to individual vocation the relative ethical roles of the Bible the Church philosophy and empirical science moral character and its formation and the problem of war The Analogy of Grace Gerald McKenny,2010-03-18

Once considered inimical to ethics Karl Barth's theology is now rightly recognized for the central role ethics plays in it But can Barth be safely placed in the mainstream tradition of Christian moral theology or does he offer a challenge to the latter Gerald McKenny argues that the claim that God not only establishes the good from eternity but also brings it about in time is of fundamental importance to Barth's mature ethics The good confronts us from the site of its fulfilment in Jesus Christ who has accomplished it in our place The result is a vision of the moral life as a human analogy to God's grace a vision which contrasts with the bourgeois vision of the moral life as an expression of human capability Barth's moral theology is presented here as the attempt to reorder ethical thought and practice in light of this fundamental claim This lucid and well argued study is the most comprehensive treatment of Barth's ethics to date offering a thorough account of the development of Barth's ethical thought and a wide ranging analysis of its chief concepts and arguments McKenny explains why certain widespread assumptions about Barth's moral theology are mistaken and explores the rich complex and often surprising ways in which Barth's position engages the traditions of Christian ethics and modern continental moral thought Above all McKenny shows why Barth's moral theology deserves our attention in spite of or rather because of its uneasy fit in the mainstream tradition of Christian moral theology **Barth's Moral Theology** John Webster,1998 **Ethics in Crisis** David Clough,2016-05-13

Ethics in Crisis offers a constructive proposal for the shape of contemporary Christian ethics drawing on a new and persuasive interpretation of the ethics of Karl Barth David Clough argues that Karl Barth's ethical thought remained defined by the theology of crisis that he set out in his 1922 commentary on Romans and that his ethics must therefore be understood dialectically caught in an unresolved tension between what theology must and cannot be Showing that this understanding of Barth is a resource for contemporary constructive accounts of Christian ethics Clough points to a way beyond the idolatry of ethical absolutism on the one hand and the apostasy of ethical postmodernism on the other Commanding Grace Daniel L. Migliore,2010-08-15

Chiefly proceedings of a conference held June 22-25 2008 at Princeton Theological Seminary

Barth's Moral Theology John Webster,John Bainbridge Webster,1998 This Book is an important study of Barth's theology of human action arguing that Barth's work cannot be properly understood unless his interest in human agency is fully appreciated Throughout Professor John Webster demonstrates the contemporary vitality of the style and content of Barth's theology Many of the studies introduce posthumous texts by Barth which have so far received little attention such as his lectures on Calvin and his ethics lectures but which substantially revise the received views of Barth's thinking about ethics and human action Developing from the author's earlier study of Barth's *Ethics of Reconciliation* CUP 1995 this book argues forcefully for Barth's work as a whole to be understood as moral theology *The Philosopher's Index* Richard H.

Lineback,1978 **Citizenship in Heaven and on Earth** Alexander Massmann,2015-11-01 While Karl Barth is one of the most significant theologians of the twentieth century his contribution to ethics is less well known and subject to controversy among interpreters Barth combined his commitment to the church and its particular task in faith and theology with a concern for ethics and politics in wider society By examining the historical development of Barth s ethics this study traces the vital influences and considerable shifts in Barth s understanding of the ethical task situating him within his political context Alexander Massmann provides a comprehensive explication and assessment of the full scope of Barth s ethics from the first edition of the Romans commentary to the final volume of the Church Dogmatics General questions of Barth s methodology in ethics and case studies in applied ethics are both analyzed in their intricate connection to his dogmatic thought The study highlights how an ethical approach emerged in which the freedom of the gospel allows for considerable openness to empirical insights from other disciplines The author reevaluates Barth s ethics in a constructive vision of the role of the church in the quest for a just society *Religious and Theological Abstracts* ,1998 *Being in Action* Paul T. Nimmo,2011-02-24 This book investigates the way in which the actualistic ontology i e the fact that God and human agents are beings in act in a covenant relationship that underlies the Church Dogmatics of Karl Barth affects his conception of ethical agency It analyses this effect along three paths of inquiry knowing what is right the noetic dimension doing what is right the ontic dimension and achieving what is right the telic dimension The first section of the book explores the discipline of theological ethics as Barth construes it both in its theoretical status and in its actual practice In the second section the ontological import of ethical agency for Barth is considered in relation to the divine action and the divine command The final section of the book examines the teleological purpose envisaged in this theological ethics in terms of participation witness and glorification At each stage of the book the strong interconnectedness of theological ethics and actualistic ontology in the Church Dogmatics is drawn out The resultant appreciation of the actualistic dimension which underlies the theological ethics of Karl Barth feeds into a fruitful engagement with a variety of critiques of Barth s conception of ethical agency It is demonstrated that resources can be found within this actualistic ontology to answer some of the diverse criticisms and that attempts to revise Barth s theological ethics at the margins would have catastrophic and irreversible consequences for his whole theological project Divine Command Morality Paul Rooney,1996 This work is a philosophical defence of the tenability of divine command theory as an acceptable Christian account of morality The theory states that morality is founded upon God s commands It has been associated particularly with Duns Scotus and William of Ockham What God commands man has a moral duty to do what He forbids man ought to avoid and man s duties arise only because God commands or forbids certain things There are various ways of understanding what constitutes a divine command and this work focuses on the claim that revealed scriptural commands are the foundation of morality **Antiquarian Bookman** ,1962 **The Bases of Ethics** William Sweet,2001 Content Description The origins and uses of the classical moral theories Roger Sullivan

Wisdom as foundational ethical theory in Thomas Aquinas Lawrence Dewan Descartes and the ethics of generosity Leslie Armour Is pity the basis of ethics Nietzsche versus Schopenhauer T L S Sprigge Jacques Maritain and Karol Wojtyla approaches to modernity Kenneth Schmitz On the foundations of ethics Hugo Meynell Ethics the humanities and the formation of persons Thomas De Koninck Personal identity and the sense of duty Elizabeth Trott Passing through women s experiences and ethics Monique Dumais Ladri ere s eschatology of reason and the foundations of ethics Louis Perron The foundations of ethics and moral practices William Sweet
