their own which makes Will suspect that this is not a simple rescue mission By the time they arrive in orbit around Earth things seem to be going better until they find out that the newly perfected recycle vacuum process hasn't done the job of calming the wars A crew descends to planet Earth to fix the malfunction but things go haywire again Through it all Will and Vita have to decide if they will team up to bring a successful conclusion to the mission and in the process work out their feelings for each other Space Opera Anne McCaffrey,1996 *Frontiers Past and Future* Carl Abbott,2006 Abbott offers a fruitful new way to read science fiction one that also greatly enriches our understanding of western history and its impact on our collective imagination Detailing the overlap of science fiction and western fiction especially relating to their mutual interest in and concerns about frontier expansionism he reveals an unsuspected common ground that informs the writings of both camps Reviewing the work of many Hugo and Nebula Award winners as well as drawing upon popular film and television series like the Buck Rogers serials Abbott's study journeys across the far reaches of science fiction's universe
