EBOOK: The European Union: Economics, Policy and History SENIOR,2011-11-16 EBOOK The European Union Economics Policy and History *Introduction to Development Economics* Marco Missaglia, Gianni Vaggi, 2025-03-21 This textbook provides an introduction to development economics that examines both the drivers of economic growth and sustainable development It initially presents development economics within a historical and political context before widening its attention to theories of growth and development the importance of the Sustainable Development Goals the imbalance of power between the Global North and South global development policies and the role of international finance in development Rather than focusing primarily on neoclassical growth theories qualitative and quantitative aspects of the development process are both highlighted This book aims to give readers a broad understanding of the economic drivers of development and the economic theories that underpin them It will be relevant to undergraduate and postgraduate students interested in development economics and sustainable development

The Economics of Poverty Martin Ravallion, 2016 The last 30 years has seen much progress against extreme poverty in the world a faster pace of progress than was seen over the prior 100 years or more of economic development globally However continuing progress is far from assured High and rising inequality has stalled progress against poverty in many countries We are seeing generally rising relative poverty judged by the standards of the country and time one live in over recent decades There has been less progress in reaching the world's poorest who risk being left behind And a great many people in the emerging middle class remain vulnerable to falling back into poverty This book aims to support well informed efforts to put in place effective policies to assure continuing success in the fight against poverty in all its dimensions

Popular Culture and Political Economic Thought Thomas Strychacz, 2023-01-30 We live in an era of economic fabling where often fantastic representations of economic life in popular culture sit uncomfortably alongside a neoliberal capitalist fairy tale that the Earth's resources can continue to be exploited into an indefinite future *Popular Culture and Political Economic Thought Fables of Commonwealth* examines a variety of animated movies TV shows written fictions adventure travelogues and Paleo archeologies and diets to suggest that popular culture poses a multiform challenge to the failing theories and practices of neoclassical economics This book contends that it does so most successfully by implementing older formations of political economic thought stages theory bioeconomics and a robust discourse on commonwealth An era of eco crisis demands a new economics It therefore also requires a new appraisal of the popular imaginary and its potential for leveraging alternative conceptions of economic and political relations This book begins that conversation

Immiserizing Growth Fails the Poor Paul Shaffer, 2024 *Immiserizing Growth* presents a conceptualization of immiserizing growth which combines the notions of failed and malevolent inclusion being bypassed and avoidably harmed by growth respectively

COVID-19 and the Response of Central Banks Salewa Olawoye, 2023-01-20 *COVID 19 and the Response of Central Banks* analyses the reactions of central banks to the COVID 19 crisis in Sub Saharan

Africa It focuses on how the pandemic has affected the economic performance of Sub Saharan African countries many of which were already struggling with growth and sustainability The first part of the book covers countries within monetary unions such as Cameroon Congo Senegal and Cote d Ivoire In the second half countries with their own independent central banks The Democratic Republic of Congo Nigeria Ghana and Sierra Leone are discussed Chapters highlights the differences between Monetary Union membership and independent Central Banks in policymaking during health crises and explore the role of central banking in minimizing the deleterious effects

Development Gianni Vaggi,2018-11-24 This book provides a brief history of the notion of development and related policies Readers will find an overview of the main development notions and debates from 1950 to the 2015 Sustainable Development Goals The author argues that sustainable development is equal to empowerment within a specific historical setting development is a dialectic relationship between people s empowerment and the existing social and economic structures The book examines some well known growth theories from Harrod in 1939 to contemporary debates views about the role of the state and the market Some major structural changes are also examined from economic growth in Asia to international finance the author contends that contemporary issues on development can be better understood with the help of the founding fathers of economics from the Mercantilist era to Marx They help to understand the difficult relationship between development and market forces within different models of social and economic reproduction The author contends that the main development challenge is that of building a global partnership in a system with enormous differences in economic powers and offers some examples of how to re balance the existing economic powers particularly in trade and finance

International Human Rights Law Daniel Moeckli,Sangeeta Shah,Sandesh Sivakumaran,David Harris,2014 International Human Rights Law offers a thought provoking consideration of the subject from its philosophical foundations to contemporary challenges with contributions from leading experts Critical and detailed it covers all elements of a traditional international human rights course and is suitable for use as a stand alone textbook
