

Milgrom and Roberts (1992): Chapter 2

Economics, Organization & Management

Chapter 2: Economic Organization and Efficiency

- Economic organizations are created entities within and through which people interact to receive individual and collective economic goals.
- A key characteristic of the organization at this level is their independent legal entity, which enables them to enter binding contracts, to seek enforcement of those contracts, and to do so in their own name, separate from the individuals who belong to the organization.

Roberts, 1994-05-01 **Economics, Organization and Management** Paul R. Milgrom, Prentice Hall, John Roberts, 1992

EBOOK: ECONOMICS & MANAGEMENT HENDRIKSE, 2003-03-16 EBOOK ECONOMICS MANAGEMENT

Rediscovering Fuller W. J. Witteveen, Wibren van der Burg, 1999 Lon Fuller one of the great American jurists of this century is often remembered only for his stand on the morality of law in the Fuller Hart debate Rediscovering Fuller considers the full range of Fuller s writings from his early engagement with legal fictions and his critique of legal positivism to his later work on implicit law and the art of institutional design Contributors from the fields of both civil law and common law argue that Fuller s insights are highly relevant to contemporary concerns The book contains essays by K Winston D Dyzenhaus P Cliteur F Schauer Beyond the Fuller Hart Debate P Westerman W van der Burg D Luban Moralities of Law G Postema P Teachout Implicit Law R Macdonald W Witteveen J Allison M Hertogh K Soltan The Art of Institutional Design J Allan F Mootz J Vining Law s Dialogue and a preface by Ph Selznick At some point in the future when we become more open to the moral relevance of social inquiry more empirical in our study of philosophical issues more capable of uniting moral and social theory Lon Fuller s work will stand as a landmark This volume will help show the way Ph Selznick *Economic Microfoundations of Strategic Management* Kirsten Foss, Nicolai J. Foss, 2022-10-18 This book develops a property rights approach to firm strategy and demonstrates how it helps address key challenges in strategic management research It shows that the property rights approach holds important implications both for entrepreneurship and organizational learning theory Property rights have direct implications for strategic management as control over assets has an immediate link to the creation and appropriation of economic value For a firm to execute a competitive strategy it must hold rights to appropriate resources This book will appeal to scholars working in the fields of strategic management organizational theory and resource allocation It is an invaluable summary of two decades of groundbreaking research Chain Management in Agribusiness and the Food Industry J.H. Trienekens, P.J.P. Zuurbier, 2000-05-15 The keyword of the 2000 Conference of Chain management in Agribusiness and the Food Industry is innovation Important themes are innovative governance structures in chains mass individualisation and the role of information and communication technology innovative product market combinations and systems innovation in supply chains Thematic papers present results of ongoing research and new supply chain concepts chain analysis modelling for supply chain design and redesign designing supply chain strategies information systems

applications etc Regional based papers elaborate on regional and local specificities in South America Australia Asia North America and Europe *Performance Management* R. Thorpe,J. Holloway,2008-02-22 A new look at performance management that goes beyond discipline approaches and explores how we might integrate thinking through inter disciplinary research informed by management practice This impartial review traces the evolution of how performance is understood and comes from experts of over a dozen disciplines and sectors **Managing Industrial Knowledge** Ikujiro Nonaka,David J Teece,2001-02-06 Managing Industrial Knowledge illuminates the complex processes at work in the creation and successful transfer of corporate knowledge It is now generally recognized that the competitive advantages of firms depends on their ability to build utilize and protect knowledge assets In this volume many of the foremost international authors and pioneers of the study of knowledge in firms present their latest work and insights into organizational knowledge and innovation In a world where markets products technologies competitors regulations and even societies change rapidly continuous innovation and the knowledge that produces innovation have become key The chapters in this keynote volume shed new light on the contextual factors in knowledge creation the links between knowledge and innovation in all aspects of business life and the processes by which these may be fostered or lost in organizations *The Economics of Choice, Change and Organization* Mie Augier,James G. March,2002 These essays were commissioned in honour of the ideas and work of the late Richard M Cyert They examine the economics of decision making uncertainty information processing learning evolution and organizational structure **The Abraham J. Briloff Lecture Series on Accounting and Society**,1999 *The Modern Firm* John Roberts,2004-04-08 Business firms around the world are experimenting with new organizational designs changing their formal architectures their routines and processes and their corporate cultures as they seek to improve their current performance and their growth prospects In the process they are changing the scope of their business operations redrawing their organization charts redefining the allocation of decision making authority and responsibility revamping the mechanisms for motivating and rewarding people reconsidering which activities to conduct in house and which to out source redesigning their information systems and seeking to alter the shared beliefs values and norms that their people hold In this book John Roberts argues that there are predictable necessary relationships among these changes that will improve performance and growth The organizations that are successful will establish patterns of fit among the elements of their organizational designs their competitive strategies and the external environment in which they operate and will go about this in a holistic manner The Modern Firm develops powerful conceptual frameworks for analyzing the interrelations between organizational design features competitive strategy and the business environment Written in a non technical language the book is nevertheless based on rigorous modeling and draws on numerous examples from eighteenth century fur trading companies to such modern firms such as BP and Nokia Finally the book explores why these developments are happening now pointing to the increase in global competition and changes in technology Written by one of the world s leading economists and experts on

business strategy and organization The Modern Firm provides new insights into the changes going on in business today and will be of interest to academics students and managers alike The Modern Firm was the Economist Best Business Book of the Year 2004 *Economics Reading Lists, Course Outlines, Exams, Puzzles & Problems: Microeconomics reading lists* ,1995

Organisations and Institutions Michael Rowlinson,1997 Organisations and Institutions is a critical introduction to organisational economics It examines the threat to sociology from the imperialist expansion of economics and the relative importance of efficiency and power in analysing organisations These are related to two major issues in social science firstly the organisation of work and secondly the separation of ownership from control It is essential reading for those studying organisation theory sociology and economics and who want to learn more about the tensions between their disciplines

The Economics of Modern Business Enterprise Martin J. Ricketts,2008 Focuses upon the historical development of the transaction cost view of the firm It comprises the most influential papers in the field The three volumes address graduate students of business economics *New Ideas in Contracting and Organizational Economics Research* Harvey S. James,2005 Research on contracting and organisational economics is progressing at a rapid pace Nevertheless what new ideas are needed in order to advance the frontiers of contracting and organisations research in ways that prove beneficial to society This new book brings together scholars from around the world who have new ideas on the economics of contracts and organisations otherwise known as transaction cost economics The book is divided into three main sections The first section presents ideas for improving the theoretical and empirical research in transaction cost economics The second section shows how transaction cost economics informs on two important business issues corporate contracting and information technology IT operations The third section presents alternative frameworks for examining contracting organisational and regulatory problems **Acta Polytechnica Scandinavica** ,1998 **Journal of Economic Literature** ,1994
