Word Hacks Andrew Savikas, 2004-11-22 As one of the applications in Microsoft Office Word is the dominant word processing program for both Windows and Mac users Millions of people around the globe use it But many if not most of them barely skim the surface of what is possible with Microsoft Word Seduced by the application s supposed simplicity they settle for just what s obvious even if it doesn t satisfy their wants and needs They may curse the wretched Bullets and Numbering buttons multiple times a day or take hours to change the font size of every heading in a lengthy report yet they re reluctant to dig deeper to take advantage of Word s immense capabilities and limitless customization tools Let Word Hacks be your shovel Let it carve your way into Word and make this most popular and powerful application do precisely what you want it to do Filled with insider tips tools tricks and hacks this book will turn you into the power user you always wanted to be Far beyond a tutorial Word Hacks assumes you have a solid working knowledge of the application and focuses on showing you exactly how to accomplish your pressing tasks address your frequent annoyances and solve even your most complex problems Author Andrew Savikas examines Word s advanced and often hidden features and delivers clever time saving hacks on taming document bloat customization complex search and replace Tables of Contents and indexes importing and exporting files tables and comments and even using Google as a dictionary With him as your guide you ll soon be understanding and hacking Word in ways you never thought possible Covering Word 2000 2002 and Word 2003 Word Hacks exposes the inner workings of Word and releases your inner hacker with it you will be equipped to take advantage of the application s staggering array of advanced features that were once found only in page layout programs and graphics software and turning Word into your personal productivity powerhouse *Windows XP Power Hound* Preston

Gralla, 2004-09-30 Windows XP can be a great tool but it is all too easy to trip over Windows XP s annoying traits more often than you leverage its productivity Windows XP power users troll online resources documentation and the expertise or lucky finds of friends for valuable tips and tricks a keyboard shortcut here an undocumented double click there to eliminate annoyances save time and take control of their Windows XP But what if there was an easier way This new book presents literally hundreds of problems and solutions amazing power tips cool tricks and clever workarounds in one clearly organized easy to use and portable resource Truly insightful and amusing Windows XP Power Hound gives Windows XP users practical hints for everything from the desktop to Office programs to the registry and includes documented but little known tips as well as previously undocumented tricks Windows XP Power Hound moves far beyond mere productivity and explores what s possible with Windows XP including cool things you probably never thought of doing An understanding of Windows XP basics will get the job done But discovering the most useful I didn t know that tips and shortcuts will make using Windows XP a far richer and less frustrating experience The practical concise format of Windows XP Power Hound makes it easy to dip into for a quick tip from time to time the warm jargon free tone makes it easy to read cover to cover Anyone who wants to smooth out

Windows XP's speed bumps and get some serious speed to accelerate through the bottlenecks will find that even a handful of these useful to the point tips will make Windows XP Power Hound worth its weight in chocolate
