Beyond Orientalism Lucien De Guise, 2008 Global interest in the Islamic world has reached a high point in recent years At the same time the influence of Islamic art on the world has declined This was not always the case In the past both Europe and America were inspired by what was then called the Orient and its artistic output Western painters travelled extensively in the Middle East and India recording their views of a region that was irresistible to Victorians with a sense of romance The exhibition Beyond Orientalism How the West was Won over by Islamic art looks further than Orientalist art Instead of being about how European and American artists depicted the Islamic world it shows how the Islamic world changed aesthetics in the West The aim of the exhibition is to put artefacts from the collection of the Islamic Arts Museum Malaysia alongside the works they inspired Beyond Orientalism explores a world in which creative inspiration flowed in all directions and the eyes of the West were open to the beauty of Islamic culture Publisher description Feast of Ashes Sato Moughalian, 2019-04-23 The compelling life story of Armenian ceramicist David Ohannessian whose work changed the face of Jerusalem and a granddaughter s search for his legacy Along the cobbled streets and golden walls of Jerusalem brilliantly glazed tiles catch the light and beckon the eye These colorful wares known as Armenian ceramics are iconic features of the Holy City Silently these works of ceramic art art that also graces homes and museums around the world represent a riveting story of resilience and survival In the final years of the Ottoman Empire as hundreds of thousands of Armenians were forcibly marched to their deaths one man carried the secrets of this age old art with him into exile toward the Syrian desert Feast of Ashes tells the story of David Ohannessian the renowned ceramicist who in 1919 founded the art of Armenian pottery in Jerusalem where his work and that of his followers is now celebrated as a local treasure Ohannessian s life encompassed some of the most tumultuous upheavals of the modern Middle East Born in an isolated Anatolian mountain village he witnessed the rise of violent nationalism in the waning years of the Ottoman Empire endured arrest and deportation in the Armenian Genocide founded a new ceramics tradition in Jerusalem under the British Mandate and spent his final years uprooted in Cairo and

Beirut Ohannessian's life story is revealed by his granddaughter Sato Moughalian weaving together family narratives with newly unearthed archival findings. Witnessing her personal quest for the man she never met, we come to understand a universal story of migration, survival, and hope. *Christie's Art Deco* Fiona Gallagher, Michael Jeffrey, Simon Andrews, Nicolette White, 2000. The impact of Art Deco was felt in every sphere of the decorative arts. This volume examines one of the most important periods of design in the 20th century and relates the story of every aspect of this movement of the 1920s and 30s. **Christie's Art Nouveau** Fiona Gallagher, 2000. With full colour photographs from Christie's archives and private collections, this book tells the story of an artistic movement that thrived at the turn of the century. **Art Deco Complete** Alastair Duncan, 2009. In the most comprehensive account of the decorative arts of the Art Deco period ever assembled, Alastair Duncan celebrates the rich variety of form and diverse international roots that have made it a perennial favourite of collectors and a constant source of inspiration for designers. Straddling two World Wars and the Great Depression, ushering in the Jazz Age and the era of the automobile and skyscraper, and shaping everything from the Golden Gate Bridge to the humble desk lamp, the story of Art Deco is the story of our modern world. In its purest forms, it developed from a characteristically French image of luxury and refinement. Later, modernist European and American designers incorporated metal and plastic in styles described as Streamline Moderne but which are now called Deco. Although Paris was the spiritual home of the movement, Art Deco was a truly global style with designers from every country in Europe and the Americas inspired by a vast international catalogue of artistic and craft traditions. The guide begins with essays on the major media of the period: Furniture and Interior Decoration, Sculpture, Paintings, Graphics, Posters, and Bookbinding, Glass, Ceramics, Lighting, Textiles, Silver, Metal, Lacquer, and Enamel, and Jewelry, each followed by lavishly illustrated in-depth biographies of the major designers and artists working in the medium. The second half of the book is an authoritative illustrated A-Z listing of all significant designers in the Art Deco style, comprising over four hundred entries. *National Library Service Cumulative Book Review Index, 1905-1974: Authors. [A-Z]* National Library Service Corporation, 1975. **Aldo Leopold** Thomas Tanner, 1995. *Ain't No Grave* Macel Ely, 2010. *Ain't No Grave: The Life and Legacy of Brother Claude Ely* is written as an oral biographical history taken from the recorded interviews of over 1,000 people in the Appalachian Mountains who personally knew Brother Claude Ely in various phases of his life. Brother Claude Ely, coined as the King Recording Label's Gospel Ranger of the Appalachian Mountains, was well known and loved by many in the earlier part of the twentieth century as both a religious singer, songwriter, and a Pentecostal Holiness preacher. Few people, however, knew the personal details of his childhood, military service, and years of hard work in the coal fields of Southwestern Virginia. Now, decades after his legendary death, many fans still seem mesmerized and touched by this humble man's quick wit and sincere desire to share the Gospel's Good News with everyone who would listen to his message of hope and love.
