

Evidence Discovery and Assessment in Social Work Practice

Evidence Discovery And Assessment In Social Work Practice

**Claudia Reyes-Quilodrán, Rajendra
Baikady**

Evidence Discovery And Assessment In Social Work Practice:

Evidence Discovery and Assessment in Social Work Practice Margaret Pack, Justin Cargill, 2015 This book provides practitioners with the tools necessary to locate, analyze and apply the latest empirical research findings in the field to their individual practice, providing insights and support to professionals and researchers working in the fields of social work, counseling, psychotherapy, case management and psychology

Social Work Practice Jonathan Parker, 2024-10-30 Providing you with a complete foundation of knowledge and understanding for each process, this step by step guide will introduce you to the four main aspects of social work practice: Assessment, Planning, Intervention and Review, and help you to apply theory to practice across settings and service user groups

New Theories for Social Work Practice Kieran O'Donoghue, Robyn Munford, 2019-07-18 Social work theory and practice is evolving, and this edited collection explains both what the latest developments are and how to use them in practice. Exploring the challenges currently being faced within social work, it shows new ways social workers can conceptualise and respond to these issues. It covers emerging theory relating to work with families, children and young people, refugees, older people, indigenous practice and more, while explaining different models that can be used. It explores interventions in different contexts, including community development, mental health settings, partnerships with disabled people, work with Pacific communities, cross cultural practice and the elements of evidence informed and ethical practice

Social Work Practice in Health Melissa Petrakis, 2020-07-16 Health services practice or working with clients facing health issues requires diverse approaches and wide ranging knowledge. In this ground breaking book, Melissa Petrakis draws on the experience and expertise of leading researchers and practitioners to provide a guide to the disparate settings in which social workers are engaged and the conceptual frameworks and skills needed for effective practice. The book begins by examining the nature of health social work and considers its core values and principles. This section also provides an overview of the social determinants of health. Part 2 explores key areas of practice, including working with children, mothers and families, hospital based social work, domestic and family violence, mental health, dual diagnosis, forensic social work, Indigenous approaches to health, oncology and aged care. Part 3 looks at politicised issues in the field, including working with people living with disability, refugee health and concludes by considering how a focus on well being informed by Maori approaches could provide new insights into better practice. Underpinning the book throughout is a clear guide to assessment procedures, case management, strengths based practices and developing effective partnerships and collaboration. Social Work Practice in Health is destined to become a key reference tool for social work students and practitioners providing practical, evidence based and insightful approaches

The Routledge International Handbook of Social Work Supervision Kieran O'Donoghue, Lambert Engelbrecht, 2021-06-28 This handbook provides a comprehensive overview of social work supervision internationally and presents an analytical review of social work supervision theory, practice and research. Presented in seven parts: International perspectives, Supervision settings, Roles, responsibilities and

relationships Models and approaches The interactional process Leading and managing supervision Emerging areas The book examines how supervision contributes to the well being development and practice of social workers It also sets the agenda for the future development of social work supervision internationally Social work supervision is examined across countries practice settings and in terms of participants roles relationships and responsibilities Contributors show how and why social work supervision is integral to social work and the rich diversity of ways supervision can be practiced Bringing together an international team of social work supervision scholars researchers supervisors and practitioners this handbook is essential reading for social workers supervisors managers policy advisors and professional leaders **Contemporary Practices in Social Work Supervision**

Trish Hafford-Letchfield,Lambert Engelbrecht,2020-06-05 This book is a timely review of scholarship in social work supervision re examining the state of knowledge research and practice and asking if it is time for a new paradigm for the field The contributors present a universal paradigm in social work around what we understand social work to be not only through its practice of supervision but also what this contributes to the challenge of any dominant ideas or ideals about the supervision agenda in an increasingly globalised social work context Capturing new developments from different regions of the world the book shows how these can inform critical practice professional development and well being and have a wider impact on accountability effectiveness and work performance The book will be appreciated by people needing or using services novice or learner social workers and those responsible for training or educating in supervision knowledge and skills or preparing to take up this important role With applications for both academic research and practitioner based learning this book will help to ensure the best quality and supportive practice within the workforce and community it serves This book was originally published as a special issue of the European Journal of Social Work

Evidence Discovery and Assessment in Social Work Practice Pack, Margaret,2014-10-31 Social workers play a crucial part in contemporary society by ensuring that individuals are able to address overcome and manage obstacles in their daily lives In an effort to better serve their clients many practitioners have turned to evidence based practice Evidence Discovery and Assessment in Social Work Practice provides practitioners with the tools necessary to locate analyze and apply the latest empirical research findings in the field to their individual practice This premier reference work provides insights and support to professionals and researchers working in the fields of social work counseling psychotherapy case management and psychology *The Sage Handbook of Decision Making, Assessment and Risk in Social Work* Brian J. Taylor,John D. Fluke,J. Christopher Graham,Emily Keddell,Campbell Killick,Aron Shlonsky,Andrew Whittaker,2023-08-16 The SAGE Handbook on Decision Making Assessment and Risk in Social Work provides a comprehensive overview of key strands of research and theoretical concepts in this increasingly important field With 49 chapters and four section summaries this Handbook describes the state of the art discuss key debates and issues and gives pointers on future directions for practice research teaching management of services and development of theoretical understandings A key aim of this Handbook is to support

the development of sound applied knowledge and values to underpin reasoned professional judgement and decision making by social workers in practice and those in management and regulatory roles With contributions from a global interdisciplinary body of leading and emerging scholars from a wide variety of roles this handbook has been designed to be internationally generalisable and applicable to all major areas of social work This Handbook provides a field defining account of decision making assessment and risk in social work which is unrivalled for its diversity and strength of coverage and will be of value to social work researchers teachers and practitioners as well as to those in allied fields such as health care

Section 1 Professional Judgement Section 2 Assessment Risk and Decision Processes Section 3 Assessment Tools and Approaches Section 4 Developing and Managing Practice Section 5 Concluding Section Afterword Latin American Social Work in the Justice System Claudia Reyes-Quilodrán,Rajendra Baikady,2023-06-28 Social work has long been working directly with the criminal and civil courts of the justice system The work of Latin American practitioners in the legal system however is little known at global and local levels This book is the first to go beyond Western centric appraisals and presents a truly Latin American portrait of social work in the justice system The long term interaction of social work practitioners with the judicial system enabled them to develop an expertise to dialogue with other disciplines such as law and psychology This knowledge is very important to identify and share with other professionals to develop specialized programs for education and training In this sense positive and negative experiences of social work in the justice system allow one to improve its practice It is crucial to identify local experiences and the great dilemmas that the profession faces on this subject The volume s chapters deal with these dynamics in Latin American countries including Forensic Social Work The construction of possible ways of the criminal intervention Socio Legal Social Work in the Field of Criminal Defense Family and Community Life Contributions of Social Work to the Debate in Family Courts Support to Victims in High conflict Scenarios An approach from the socio legal the pedagogical and the care perspectives The Assessment of Child and Adolescent Sexual Abuse Allegations from a Social Work Perspective Latin American Social Work in the Justice System is essential reading for students researchers academicians policymakers and practitioners who are interested in international social work with a special focus on Latin American countries and legal culture Students and scholars in law development studies and public policy as well as psychologists working with and interested in the judicial system would also find this book a useful resource Generalist Social Work Practice Elizabeth M. Timberlake,Michaela Zajicek Farber,Christine Anlauf Sabatino,2008 This well known and widely used text is intended to provide entry level professional social workers with a foundation of knowledge and values needed to practice from a generalist perspective focusing on culturally competent ethical effective and accountable generalist social work practice skills This thoroughly revised edition explores the strengths based problem solving approach in all phases of the General Method moving away from a deficit perspective towards an asset resource perspective Social Work Practice Ronda S. Connaway,Martha E. Gentry,1988 **Comprehensive Handbook of Social Work and Social**

Welfare: The profession of social work Karen Marlaine Sowers, Catherine N. Dulmus, 2008 V 1 The profession of social work v 2 Human behavior in the social environment v 3 Social work practice v 4 Social policy and policy practice

Handbook of the Social Services Neil Gilbert, Harry Specht, 1981 The Strengths Perspective in Social Work Practice Dennis Saleebey, 1997 International Social Work Research Tony Tripodi, Miriam Potocky-Tripodi, 2007 1 Introduction What is International Social Work Research 2 Supra National Research 3 Issues and Examples of Supra National Research 4 Intra National Research 5 Issues and Examples of Intra National Research 6 Trans National Research 7 Issues and Examples of Trans National Research 8 Summary Social Work Research and Evaluation Richard M. Grinnell, Yvonne A. Unrau, 2005 This book is the longest standing and most widely adopted text in the field of social work research and evaluation Since the first edition in 1981 it has been designed to provide beginning social work students the basic methodological foundation they need in order to successfully complete more advanced research courses that focus on single system designs or program evaluations Its content is explained in extraordinarily clear everyday language which is then illustrated with social work examples that social work students not only can understand but appreciate as well Many of the examples concern women and minorities and special emphasis is given to the application of research methods to the study of these groups Without a doubt the major strength of this book is that it is written by social workers for social work students The editors have once again secured an excellent and diverse group of social work research educators The 31 contributors know firsthand from their own extensive teaching and practice experiences what social work students need to know in relation to research They have subjected themselves to a discipline totally uncommon in compendia that is writing in terms of what is most needed for an integrated basic research methods book rather than writing in line with their own predilections

Research Methods for Social Work Allen Rubin, Earl R. Babbie, 2005 Introduction to Social Work Practice Max Siporin, 1975 *Deering's California Practice Codes* California, 1990 **Journal of Education for Social Work**, 2001
