Enlightening Revolutions Svetozar Minkov, Stéphane Douard, 2007-01-01 The essays collected in this volume make a serious enlightened contribution to the history of political philosophy While offering striking new interpretations of crucial texts and events in the history of the West they illuminate fundamental questions of politics religion and philosophy Yesteryear's Faith Seeking Understanding Philip John Fisk, 2022-06-24 The voices of yesteryear's scholastics are silenced Scholastic distinctions discarded Faith seeking understanding cancelled This book turns to university professors who brought classical medieval Reformation and Renaissance thought to bear on the teaching of the doctrine of providence at the early New England Colleges Their ultimate purpose was to exonerate God from the charge that he was the author even actor of evil Their scholastic method drew from a long and surprisingly ecumenical and philosophical enterprise in the history of the church This book's aim is to let the scholastic approaches to the mystery of divine providence speak for themselves Part One introduces the reader to the art of disputation and provides a guided historical theological tour of scholastic distinctions that were used by doctors of the church to explain issues related to the doctrine of divine providence Part Two invites the reader to follow the author on his journeys to Harvard Yale the College of New Jersey and the College of Rhode Island and Providence Plantations commencement day disputations as he engages in Platonic like dialogues with presidents rectors and students of the New England Colleges While the dialogues are imagined the characters times locations and quoted texts are real

Biderman, Gershon Greenberg, 2007-01-04 This volume presents a wide ranging selection of Jewish theological responses to the Holocaust It will be the most complete anthology of its sort bringing together for the first time 1 a large sample of ultra orthodox writings translated from the Hebrew and Yiddish 2 a substantial selection of essays by Israeli authors also translated from the Hebrew 3 a broad sampling of works written in English by American and European authors These diverse selections represent virtually every significant theological position that has been articulated by a Jewish thinker in response to the Holocaust Included are rarely studied responses that were written while the Holocaust was happening **Historical**

Introduction to Philosophy Albert Hakim, 1992 This anthology leads readers to an appreciation of Western philosophy through an exploration of its history the problems classical questions it has dealt with and the major philosophers and their works within that historical setting All readings are primary sources allowing readers to experience the author's thoughts in his or her own words KEY TOPICS The Ancient Period Socrates Plato Aristotle Epicurus Epictetus Marcus Aurelius The Medieval Period St Augustine St Thomas Aquinas William of Ockham The Modern Period Descartes Spinoza Leibniz Hobbes Locke Berkeley Hume Kant Hegel Mill The Contemporary Period Kierkegaard Nietzsche Marx Bergson James Husserl Heidegger Sartre Russell Wittgenstein Current Dimensions Susanne Lange John Rawls W V Quine John Searle Peter Singer MARKET For anyone interested in a comprehensive historical survey of Western philosophy **Evil and Providence in Maimonides' S Guide of the Perplexed** Modestus Anyaegbu, 2014-11-21 Maimonides' rationalist rejection and interpretation of anthropomorphism play a major part in his reading of the problem of evil and providence in the Guide of the Perplexed The debate has been on finding an explanation as to why the righteous suffer and the vicious prosper in a world under the providence of a divine Creator The anthropomorphic bent given to the legendary case of the biblical Job has given us the concept of God as a personal agent But confronted with the reality of his innocent suffering this image of God leaves much to be desired We shall argue that Maimonides' theory of providence as consequent upon the intellect and evil as consequent upon the absence of intellectual perfection are based on the concept of God as existence It is the absence of intellectual perfection that marks man qua animal and leaves him open to chance occurrences and evil A Promotional Write Up The present work places before us the strange position and it must be said a little bit shocking to us of the great Jewish thinker on the question of providence Only the intelligent that is to say the human beings who have effectively actualized their intellects and have come to an accomplished knowledge are considered and personally protected by the Eternal In other words the traditional piety that is usually asked of the believers by religious authorities is not sufficient This piety is still marked by illusion and does not procure for man the true knowledge of God which is worthy of him The individual ought to overcome pietistic representations in order to open himself to divine truth which is accessible only through knowledge This is what the Book of Job illustrates At the time when the actuality does not cease to present before us the question of the status of religion

and the religious within modernity the attempt by Maimonides to articulate these two styles carries an indisputable force of conviction as shown with abundant evidence in the work presented by Modestus Anyaegbu Jean Michel Counet president of the Institut Suprieur de Philosophie Universit Catholique de Louvain Belgium *Ascent to Harmony* Elie Munk,1987
