Get Satisfied How Twenty People Like You Found The Satisfaction Of Enough:

The 10 Commandments of Money Liz Weston, 2011-12-27 A perfect read as a financial primer Weston's solid and occasionally humorous writing shines through and takes this book from being yet another personal finance book to being an enjoyable read I would recommend The Simple Dollar Millions of us skate by from paycheck to paycheck We all have financial goals we want or need to achieve but are perplexed by how to get there But expert financial advisor Liz Weston has carved a path with ten simple strategies that help anyone avoid critical mistakes survive downturns and make the numbers work Debunking well trod myths pay down all your debt immediately while giving unexpectedly brilliant tips it's okay to let student loans linger Liz Weston outlines everything you need to become financially viable including how to Know what you can afford Create a survival plan with cash and credit Manage good debt to get ahead Save for retirement without sacrificing today

Hypercapitalism Larry Gonick, Tim Kasser, 2018-01-16 PAPERBACK ORIGINAL From the bestselling cartoonist of The Cartoon History of the Universe comes an explosive graphic takedown of capitalism Bestselling overeducated cartoonist Larry Gonick has delighted readers for years with sharp digestible and funny accounts of everything from the history of the universe to the intricacies of calculus Now Gonick teams up with psychologist and scholar Tim Kasser to create an accessible and pointed cartoon guide to how global privatizing market worshipping hypercapitalism threatens human well being social justice and the planet But Gonick and Kasser don't stop at an analysis of how the economic system got out of whack they also point the way to a healthier future A primer for the post Occupy generation Hypercapitalism draws from contemporary research on values well being and consumerism to describe concepts corporate power free trade privatization deregulation that are critical for understanding the world we live in and movements voluntary simplicity sharing alternatives to GDP protests that have developed in response to the system Gonick and Kasser's pointed and profound cartoon narratives provide a deep exploration of the global economy and the movements seeking to change it all rendered in clear graphic and sometimes hilarious terms

Foundations of Real-World Economics John Komlos, 2019-01-11 The 2008 financial crisis the rise of Trumpism and the other populist movements which have followed in their wake have grown out of the frustrations of those hurt by the economic policies advocated by conventional economists for generations Despite this textbooks continue to praise conventional policies such as deregulation and hyperglobalization This textbook demonstrates how misleading it can be to apply oversimplified models of perfect competition to the real world The math works well on college blackboards but not so well on the Main Streets of America This volume explores the realities of oligopolies the real impact of the minimum wage the double edged sword of free trade and other ways in which powerful institutions cause distortions in the mainstream models Bringing together the work of key scholars such as Kahneman Minsky and Schumpeter this book demonstrates how we should take into account the inefficiencies that arise due to asymmetric information mental biases unequal distribution of wealth and power and the manipulation of demand This textbook offers students a valuable introductory text with insights

into the workings of real markets not just imaginary ones formulated by blackboard economists A must have for students studying the principles of economics as well as micro and macroeconomics this textbook redresses the existing imbalance in economic teaching Instead of clinging to an ideology that only enriched the 1% Komlos sketches the outline of a capitalism with a human face an economy in which people live contented lives with dignity instead of focusing on GNP
