Harry Ayers, Francesca Gray

Dyspraxia 5 11 A Practical Guide David Fulton Nasen:

Dyspraxia 5-11 Christine Macintyre,2001 Following on from the author s *Dyspraxia in the Early Years* this book takes a very practical view of dyspraxia in children aged 5 to 11 and considers ways of helping teachers and parents to understand this complex condition The text is based on a developmental framework and areas covered include making friends coping with the curriculum and boosting the child s self esteem It will provide advice and guidance on how to ensure that the most effective support is given to the child in school

Dyspraxia 5-14 Christine Macintyre,2012-11-12 Dyspraxia is increasingly common in young children This fully revised and updated edition of Christine Macintyre s invaluable companion explains the difficulties faced by children with dyspraxia in growing up and offers suggestions as to how these might be alleviated In this book the children themselves along with their parents and teachers talk about how the difficulties change as the transition is made from primary to secondary school Children with dyspraxia are frequently beset by frustrations as a result of their differences can be misunderstood both at home and at school and are very often bullied This practical guide considers the issue of giving children labels strategies to reduce stress the value of movement programmes raising self esteem the transition to secondary school particular challenges faced during Puberty adolescence handwriting as an indicator of dyspraxia Including practical activities with additional material for secondary pupils this book shows children how to articulate their differences using individualised explanations and then go on to succeed having recognised where their talents lie *Dyspraxia 5 14* is essential reading for teachers parents SENCos teaching assistants and trainee teachers who want to improve their understanding of dyspraxia and its implications for children in Key stages 1 3

Assessing Children with Specific Learning Difficulties Gavin Reid,Gad Elbeheri,John Everatt,2015-07-16 This comprehensive book provides all the information that practitioners need to know about assessment in relation to their pupils with Specific Learning Difficulties The why how and what of assessment is addressed whilst the link between assessment and intervention is also a key focus Looking at the full range of Specific Learning Difficulties this book provides practical guidance on implementing strategies that are tried and tested for use in any classroom whilst also acknowledging that assessment is a process involving other professionals and parents Addressing issues and topics common in inclusive classrooms around the world key topics covered include Specific Learning Difficulties in context Teacher Assessment in literacy numeracy and movement Motor development and co ordination Attention factors in learning The key issues on learning differences Self esteem and emotional literacy How to enhance skills and the self sufficiency of teachers *Assessing Children with Specific Learning Difficulties* will be an invaluable guide for classroom teachers learning support departments psychologists and other professionals

Learning Styles and Inclusion Gavin Reid,2005-09-09 Gavin Reid provides some useful links to websites devoted to different approaches Some of the ideas relating to specific areas of the curriculum for example the suggested approaches to the teaching of modern languages are likely to be particularly valuable Reid also outlines strategies using learning styles for

pupils with learning differences including attention disorders dyslexia developmental co ordination difficulties number difficulties and those on the autistic spectrum Times Educational Supplement Extra for Special Needs We have been lucky enough to hear Gavin speak twice in the last year and those of you who have also heard him will know that he is at the cutting edge of his field This book really encompasses those areas that are particularly topical and the buzz words on everyone s lips This book clearly sets out who is involved in inclusion and what is actually meant by learning styles Gavin not only offers practical strategies but also suggests how old hands could vary their teaching styles to appeal to all types of learners Therefore we feel this book is for the main stream teacher as well as the specialist and if this is a target area for your school this book might be a valuable addition to your bookshelf SATIPS In this book Gavin Reid has grasped the nettle of inclusion with both hands and provided a text that is full of common sense and practical suggestions as to how the mainstream teacher can draw upon recent psychological theory and research to enhance the learning of all children He jumps on no bandwagons but draws judiciously from a wide range of approaches to assessing learning styles and links what can be learned about groups and individuals from such techniques to helpful classroom practice Professor Bob Burden School of Education and Lifelong Learning University of Exeter Gavin Reid is that rare professional who not only explains how and why children learn best but also suggests a myriad of practical strategies to help them I highly recommend this book for everyone from undergraduates to old hands working toward successful inclusion Parents too will profit from Dr Reid s wise and comprehensive experience Jane M Healy Ph D Educational Psychologist and Author of Your Child s Growing Mind Brain Development and Learning from Birth to Adolescence 3rd Edition NY Broadway Books 2004 Drawing on his considerable experience as a teacher educational psychologist lecturer and author Gavin Reid illustrates how to assess pupils different learning styles and how to vary your teaching style to appeal to all types of learners including disaffected students and those with special educational needs This book provides an overview of the different stages in the learning cycle describes the differences between learners and emphasizes the role the classroom environment and different teaching styles play in children s ability to learn Readers will see how an understanding of learning styles can be used to encourage and promote good inclusive practice Ideas for assessment of learning styles and examples of different teaching styles will prove invaluable to class teachers trainee teachers SENCOs LEA advisers NQTs and NQT advisers and school management

Supporting Mathematical Thinking with Anne Watson ,2001 *Gifted & Talented Coordinator's Handbook* Sophie Craven,2008 The British National Bibliography Arthur James Wells,1996 *Dyspraxia* Kate Ripley,Bob Daines,Jenny Barrett,2015-12-22 The aim of this text is to promote an understanding of dyspraxia and movement development among professionals who work with children and also to offer a text which is accessible to parents It presents a cognitive processing model of dyspraxia from a developmental perspective and addresses issues of social development in addition to the more easily observable motor planning difficulties which are associated with dyspraxia The difficulties which may face the
