E Motion Picture Magic E Motion Picture Magic:

E-motion Picture Magic Birgit Wolz, 2005 Like no other medium before it the popular movie presents the potential of a new power for illuminating the depth of human experience E Motion Picture Magic employs that power as a tool to increase consciousness Cinema therapy offers more perspective on life prompting the viewer to step back from his or her problems in order to feel less insecure worried or discontented Using films for self improvement allows a shift in perspective when viewed with conscious awareness The use of movies for personal growth and healing carries forward a long standing connection between storytelling and self reflection that may date back to the beginnings of spoken language The movie experience used in very specific ways can have significant benefits for those who are willing to apply themselves using E Motion Picture Magic that can be both beneficial as well as enjoyable
