Farewell To The Working Class Farewell To The Working Class

Dick Houtman, Peter Achterberg, Anton Derks

Farewell To The Working Class Farewell To The Working Class:

Farewell to the Working Class André Gorz, 1997 In this study of labour and unemployment in the post industrial world the author argues that changes in the role of the work and labour process have weakened the power of skilled industrial workers They are replaced by social movements and by those who refuse to accept the work ethic **"FAREWELL TO THE WORKING CLASS"? THE SUCCESS AND FAILURE OF SOCIAL DEMOCRATIC LABOR POLITICS IN SWEDEN AND BRITAIN, 1900S-1980S, IN A COMPARATIVE HISTORICAL PERSPECTIVE (LABOR POLITICS).** IN CHOON KIM, 1991 base to the white collar class and why its policies could not rescue Britain's economic decline Surely there were historical opportunities to achieve these objectives Successful Swedish labor politics have been dependent on the Swedish Social Democrats capability to make coalition with various strata of classes and fulfilling the requirements of capital accumulation and maintaining the balance of class forces *The British Working Class 1832-1940* Andrew August, 2014-06-11 In this insightful new study Andrew August examines the British working class in the period when Britain became a mature industrial power working men and women dominated massive new urban populations and the extension of suffrage brought them into the political nation for the first time Framing his subject chronologically but treating it thematically August gives a vivid account of working class life between the mid nineteenth and mid twentieth centuries examining the issues and concerns central to working class identity Identifying shared patterns of experience in the lives of workers he avoids the limitations of both traditional historiography dominated by economic determinism and party politics and the revisionism which too readily dismisses the importance of class in British society *Farewell to the Working Class?* [Elektronische Ressource] Arabel Luscombe, 19?? **FAREWELL TO THE WORKING CLASS** André Gorz, *Undoing Work, Rethinking Community* James A. Chamberlain, 2018-02-15 This text argues that the civic duty to perform paid work in contemporary society undermines freedom and justice **The Working Class**, 1999 *Farewell to the Leftist Working Class* Dick Houtman, Peter Achterberg, Anton Derks, 2009-06-30 Social conflicts and voting patterns in Western nations indicate a gradual erosion of working class support for the left a process that class theory itself cannot adequately explain *Farewell to the Leftist Working Class* aims to fill this gap by developing testing and confirming an alternative explanation of rightist tendencies among the underprivileged The authors argue that cultural issues revolving around individual liberty and maintenance of social order have become much more significant since World War II The obligation to work and strict notions of deservingness have become central to the debate about the welfare state Indeed although economic egalitarianism is more typically found among the working class it is only firmly connected to a universalistic and inclusionary progressive political ideology among the middle class *Farewell to the Leftist Working Class* reports cutting edge research into the withering away of working class support for the left and the welfare state drawing mostly on survey data collected in Western Europe the United States and other Western countries *Proceedings of the Thirteenth European Studies Conference*, 1988
