**The First Lady of World War II** Shannon McKenna Schmidt, 2023-05-02 The first book to tell the full story of Eleanor Roosevelt's unprecedented and courageous trip to the Pacific Theater during World War II On August 27 1943 news broke in the United States that First Lady Eleanor Roosevelt was on the other side of the world A closely guarded secret she had left San Francisco aboard a military transport plane headed for the South Pacific to support and report the troops on WW2's front lines Americans had believed she was secluded at home As Allied forces battled the Japanese for control of the region Eleanor was there on the frontlines spending five weeks traveling on a mission as First Lady of the United States to

experience what our servicemen were experiencing and report back home The most remarkable journey any president's wife has ever made Washington Times Herald September 28 1943 Mrs Roosevelt's sudden appearance in New Zealand well deserves the attention it is receiving This is the farthest and most unexpected junket of a First Lady whose love of getting about is legendary Detroit Free Press August 28 1943 By a happy chance for Australia this famous lady's taste for getting about her habit of seeing for herself what is going on in the world and most of all her deep concern for the welfare of the fighting men of her beloved country have brought her on the longest journey of them all across the wide war clouded Pacific Sydney Morning Herald September 4 1943 No other U S mother had seen so much of the panorama of the war had been closer to the sweat and boredom the suffering Time October 4 1943 **Cold Sun** William H. Jordan, 2023-02-27 In January 1944 a US Army Air Corps transport en route to its home base in India crashed into a snowfield in Tibet killing all crew members Because of the remote location and fierce winter weather the aircraft was covered by heavy snowfall The snowfield glaciated completely hiding the aircraft until its accidental discovery by a Tibetan hunter in 1993 A nearby Chinese army garrison launched an immediate reconnaissance into the crash site and brought out remnants of the airplane and remains of the crew They then notified the American Embassy in Beijing Then Colonel William H Jordan commander of the US Army Central Identification Laboratory in Hawaii was assigned to investigate the crash site and to recover identify and repatriate the remains of the fallen US servicemen Cold Sun The Search for World War II Airmen Lost in a Tibetan Glacier is Jordan's recounting of the events surrounding the recovery including the final solemn duty of officially informing the lost crewmen's family members by this time in middle age or older of the fate of their loved ones He weaves the mission of the aircraft and crew's fate through the prism of America's history of identifying and recovering their fallen warriors the efforts over the years and technological leaps needed to finally accomplish this grim necessary mission Inspiring and informative based in the personal reflections of Jordan and the others involved Cold Sun tells the gripping story of a tragic loss a harrowing recovery effort and the human efforts involved Operational Safety for Aviation Managers John Frearson, 2024-11-28 Despite the vast amount of work building the foundations of safe operations aviation accidents still happen and prior to many accidents and other safety related events there was unexpressed or ignored disquiet as the last minute approached the last minute being that time when there is no longer time for discussion or analysis only safety first action This book aims at the assurance of better outcomes from these time critical situations whose genesis lies in the time period immediately preceding the last minute This assurance of better outcomes can best be assured by enabling operational managers to adopt new paradigms in the development of SOPs building the right culture and implementation of training programs relevant to good decision making required as the last minute approaches This book examines the development of the foundations for aviation safety the things that give foundational support for safety to pilots in particular but over which line pilots may have little knowledge or day to day control It provides a history of time critical safety related events providing the foundation for the

understanding of the reasons why pilot inactivity indifference fixation and incapacitation can so pervade the lead up to the last minute as to leave the safe continuation of the flight resting on prompt remedial action The role of doubt how it is expressed and how it is heard is another central thread Finally the book addresses the role of flight data analysis as a valuable management tool Written for aviation managers line flight crews and those in similar operational roles in aviation related operations this book and its informal discussion style should appeal and communicate across national age experience and language boundaries to create a safer operational environment *Flying Magazine* ,1961-04 World War II in Literature for Youth Patricia Hachten Wee,Robert James Wee,2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource
