Farwell S Rules Of The Nautical Road:

Farwell S Rules of the Nautical Road Raymond Forrest Farwell, Frank E. Bassett, Richard Arthur Smith, 1982

Farwell's Rules of the Nautical Road Ninth Edition Craig H. Allen Sr, Craig H. Allen Jr, 2020-11-15 Professional mariners military and civilian from cadets to captains will find this book's thorough commentary on the rules of the road and its analysis of numerous collision cases in which the courts construed and applied those rules an invaluable reference. Farwell's Rules of the Nautical Road continues to provide maritime attorneys professional insight into how the rules apply in context and offers rigorous analysis of their application by courts and administrative tribunals. For nearly eighty years this book has been viewed as the indispensable collision law reference work. This new edition of Captain Farwell's venerable reference on the nautical rules of the road preserves the carefully crafted wisdom of the first edition published in 1941 while providing up to date information to help the modern mariner understand how those rules are being interpreted and applied today. The ninth edition includes Updated coverage of the rules by incorporating previous amendments to the 1972 COLREGS and the U S Inland Rules. Describes the International Maritime Organization's ongoing regulatory scoping project examining issues raised by the introduction of Maritime Autonomous Surface Ships (MASS) while noting the as yet unanswered COLREGS compliance challenges such vessels will face. Integrates the watchstander qualifications and requirements imposed by the STCW Convention and Code, the SOLAS Convention and by U S Navy and U S Coast Guard directives. Incorporates equipment and watchkeeping requirements from the U S Navigation Safety Standards. Updates collision cases from the US, UK and Canadian courts and adds relevant interpretations and decisions from Coast Guard Law Bulletins and Coast Guard Decisions. Analyzes several well publicized collisions that occurred since publication of the eighth edition. Updates coverage of the narrow channel rule taking particular note of the difficulties in determining where the rule applies. Updates the materials on the look out and risk of collision responsibilities to address integrated bridge systems, automatic identification systems, voyage data recorders and the increasingly active role of VTS. And more.

Farwell's Rules of the Nautical Road Craig H. Allen, 2005 Professional mariners military and civilian will find this book to be an invaluable reference in understanding the rules of the road and the role these rules play in managing the risk of collision. The author provides a thorough commentary on the rules and an analysis of collision cases involving abuse of the rules. Maritime attorneys and judges will find the book continues to be an indispensable reference on collision law as Craig Allen provides a mariner's insight into how the rules apply in context and their application by the courts and administrative tribunals. This new edition completely revises chapters on the rules pertaining to good seamanship and special circumstances and on restricted visibility and it vastly expands coverage of the narrow channel rule, traffic separation schemes and the application of the rules to high speed craft. It also extensively revises materials on the look out and risk of collision responsibilities to update coverage on radar and ARPA and to address new technologies such as integrated bridge systems, automatic identification systems, voyage data recorders and

the increasingly active role of VTS The first update in ten years the eighth edition upholds and even surpasses the standards set over the past sixty years of the guide s publication *Farwell's Rules of the Nautical Road* Richard Arthur Smith,1994 The standard textbook on British and international marine collision law for students of seamanship especially in naval academies First published in 1941 and most recently updated in 1982 the latest edition alters the format because the alignment of national and international laws make contrasting them a minor concern Includes many examples Annotation copyright by Book News Inc Portland OR **Farwell's Rules of the Nautical Road** Robert F.
