Myth Retelling Readers Choice:

Children Beware! Filipa Antunes, 2020-01-17 How does a culture respond when the limits of childhood become uncertain The emergence of pre adolescence in the 1980s which is signified by the new PG 13 rating for film disrupted the established boundaries between childhood and adulthood The concept of pre adolescence affected not only America s pillar ideals of family and childhood innocence but also the very foundation of the horror genre s identity its association with maturity and exclusivity Cultural disputes over the limits of childhood and horror were explicitly articulated in the children s horror trend 1980 1997 a cluster of child oriented horror titles in film and other media which included Gremlins The Gate the Goosebumps series and others As the first serious analysis of the children s horror trend with a focus on the significance of ratings this book provides a complete chart of its development while presenting it as a document of American culture s adaptation to pre adolescence Each important children s horror title corresponds to a key moment of ideological negotiation cultural power struggles and industrial compromise

Literature for Young Adults Joan L. Knickerbocker, 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout *Literature for Young Adults* have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they re reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters *Literature for Young Adults* includes chapters on literary nonfiction poetry short stories and drama cover art picture books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book s discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading

Prentice Hall Choices in Literature, 1997 The me you see Where paths meet Deciding what s right You are the solution Communication explosion

Glencoe Literature, 2001 State adopted textbook 2001 2007 Grade 7

The Voice of the Narrator in Children's Literature Charlott Otten, Gary D. Schmidt, 1989-06-26 As Otten and Schmidt note in their preface voice is a broad metaphor Thus the 41 essays in this collection provide varied approaches examining point of view focus selection of details tone and even illustrations as part of the narrative identity Eight genres including picture books fantasy realism and biography receive separate study in generally brief articles by writers and more substantial analyses by critics In her contribution Jill Paton Walsh describes contemporary criticism as an impenetrable thicket of technical terms In most cases the critics here avoid

jargon They speak clearly offering practical criticism accessible to anyone seriously concerned about narrative technique in children's literature

Choice Although children's literature is now a recognized branch of English and American literature much of the criticism of it has focused on teaching methodology history and basic exposition Since children's books are no less a part of the literary tradition than adult books there is room for new approaches to children's literature While the importance of the voice of the narrator is emerging in criticism of adult fiction poetry and nonfiction little has been written about this subject in children's literature Examining the voice of the narrator can identify hitherto unexplored and unrecognized aspects of children's literature The essays in this collection were contributed by noted authors and critics Their inquiry is divided into eight genres the illustrated book folk literature and myth fantasy realism poetry historical fiction biography and informational books and each genre is discussed in terms of the authorial voice and the critical voice Each of the essays works toward an understanding of how the voice of the narrator functions in a given work or in the larger corpus of an author's work The result is not only a greater understanding of how specific authors shape their material and how authors use voice for particular effects but also how the narrator differs functionally from one genre to the next This unique essay collection is particularly suited for use in children's literature courses Because the contributors are some of the most significant authors and critics in children's literature in English it should also be part of any academic library's holdings in the criticism of children's literature in particular and literary criticism in general

Books to Build On E.D. Hirsch, Jr., 2009-10-14 The invaluable grade by grade guide kindergarten sixth is designed to help parents and teachers select some of the best books for children *Books to Build On* recommends for kindergartners lively collections of poetry and stories such as *The Children's Aesop* and imaginative alphabet books such as Bill Martin Jr's *Chicka Chicka Boom Boom* and Lucy Micklewait's *I Spy An Alphabet in Art* for first graders fine books on the fine arts such as Ann Hayes's *Meet the Orchestra* the hands on guide *My First Music Book* and the thought provoking *Come Look with Me* series of art books for children for second graders books that open doors to world cultures and history such as Leonard Everett Fisher's *The Great Wall of China* and Marcia Willaims's humorous *Greek Myths for Young Children* for third graders books that bring to life the wonders of ancient Rome such as *Living in Ancient Rome* and fascinating books about astronomy such as Seymour Simon's *Our Solar System* for fourth graders engaging books on history including Jean Fritz's *Shh We're Writing the Constitution* and many books on Africa including the stunningly illustrated story of *Sundiata Lion King of Mali* for fifth graders a version of Shakespeare's *A Midsummer Night's Dream* that retains much of the original language but condenses the play for reading or performance by young students and Michael McCurdy's *Escape from Slavery The Boyhood of Frederick Douglass* for sixth graders an eloquent retelling of the *Iliad* and the *Odyssey* and the well written American history series *A History of US* and many many more

The Reader's Choice, 2002 Comprehensive English language arts program **Choices** Carolyn Sherwood Flemming, Donna Schatt, 1983 Multidisciplinary Research Area in Arts, Science & Commerce (Volume-3) Chief
