**Oregon Wine: A Deep Rooted History** Scott Stursa, 2019 The history of winemaking in Oregon is steeped in legends so well known they've become gospel, but reality is even more fascinating. Discover the truth about who opened the state's first commercial winery and the real origin of Willamette Valley's famed Pinot Noir. Learn about Portland's daring Italian Americans who kept home wineries during Prohibition and the flourishing agriculture that contributed to the popularity of fruit wine. From the nineteenth-century winemakers through the modern industry that now includes more than seven hundred wineries, places like HillCrest and The Eyrie have been serving Oregonians for a half-century. Uncover the forgotten roots of Oregon wine with author Scott Stursa and raise a glass to its prosperous future.

**From Sawdust & Cider to Wine** Patricia Ann Edwards, Nancy Seales O'Hearn, Marna Lee Hing, 2006 *From Sawdust and Cider to Wine* Patricia Ann Edwards, VARIOS AUTORES, Nancy Seales O'Hearn, Marna Lee Hing, Karen Pidgeon, 2012-03-25 Originally published in 1987 as *Sawdust and Cider: A History of Lorane, Oregon and the Siuslaw Valley*, this book is a major revision. Published in September 2006, *From Sawdust and Cider to Wine* has grown from 165 to 269 pages. It contains over 230 black and white photographs, 100 family histories, and 6 maps from the community of Lorane, Oregon, located southwest of Eugene in Lane County, Oregon. But if I'm not from the Lorane, Oregon area, why would I want to read your book? You don't have to have any connection to Lorane or, for that matter, Oregon, to find this book of interest. For the Baby Boomer generation, it will evoke memories of the days before television, computers, and cell phones when communication came across the airwaves of the family's wonderful Zenith radio or via the crank telephone's party lines. It will bring forth memories of vacations taken in the family car when getting there was half the fun. You'll remember how you and your friends picked daisies and watched propellered airplanes fly overhead as you lay on the lawn during long, slow days of summer vacation, dreaming of adventures that you would encounter when you grew up. It will bring back the realization that the good old days were not always easy or untroubled, but they were far less complex. For many, it will bring back the stories told to us by our parents and grandparents of the World Wars, the Depression, the horse and buggy days, and the pioneering spirit that formed our great nation. Yes, this book is based on the little community at the south end of Lane County, Oregon, a former timber community now internationally known for its production of fine wines. But it also chronicles the fairly recent history of the pioneers who braved the elements and the unknown and traveled the Oregon Trail and the Applegate Trail to carve out hopefully better lives for themselves and their families. And now about Lorane: Lorane, Oregon, is a small

rural community located within a few miles of the headwaters of the Siuslaw River It sits in a position some 22 miles southwest of Eugene 12 miles west of Cottage Grove 13 miles southeast of Crow and 9 miles north of Curtin The town of Lorane is built on two levels The two retail stores sit along Territorial Road the main route through the town The old and quaint part of the town which serves as the community center is located on an upper tier overlooking the valley The buildings are picturesque The Lorane Elementary School the Christian Church the I O O F and Rebekah Lodge and the Grange Hall all blend with their settings as does the much newer Fire Hall which sits across the street from them The Siuslaw Valley is a long winding gap between the hills to the east separating it from Cottage Grove and those to the northwest which are the beginning of the coast range For simplicity's sake the part of the Siuslaw Valley which will be referred to in this book will be that which extends from somewhat north of Gillespie Corners to the Siuslaw Falls area west of Lorane south to the Douglas County line and east to the top of Cottage Grove Mountain Although Lorane celebrated its 100th birthday in 1987 as the recognized post office of Lorane the Siuslaw Valley was first considered home by white settlers in the early 1850's Before that it was part of the vast hunting grounds of Kalapuya speaking Indian tribes You can learn all about these aspects of the community within the pages of From Sawdust and Cider to Wine
