The Truth Within Gavin Flood,2013-10-25 The idea that there is a truth within the person linked to the discovery of a deeper more fundamental more authentic self has been a common theme in many religions throughout history and an idea that is still with us today This inwardness or interiority unique to me as an essential feature of who I am has been an aspect of culture and even a defining characteristic of human being an authentic private sphere to which we can retreat that is beyond the conflicts of the outer world This inner world becomes more real than the outer which is seen as but a pale reflection Remarkably the image of the truth within is found across cultures and this book presents an account of this idea in the pre modern history of Christianity Hinduism and Buddhism Furthermore in theistic religions Christianity and some forms of Hinduism the truth within is conflated with the idea of God within and in all cases this inner truth is thought to be not only the heart of the person but also the heart of the universe itself Gavin Flood examines the metaphor of inwardness and the idea of truth within along with the methods developed in religions to attain it such as prayer and meditation These views of inwardness that link the self to cosmology can be contrasted with a modern understanding of the person In examining the truth within in Christianity Hinduism and Buddhism Flood offers a hermeneutical phenomenology of inwardness and a defence of comparative religion

The Truth Within Gavin D. Flood,2013 The idea that there is a truth within the person discovered through introspection is found in most religions This book examines this metaphor in the history of Christianity Hinduism and Buddhism and the methods developed in those religions to realise it particularly prayer and meditation

The Scales Of Truth Simon V.J.,2019-09-27 Oh Devotees of the truth The truth is the unit of the universe It is just full in the whole Everyone is created with needs and purposes Therefore our efforts matter in their fullness If they are whole their results will be full This is clear from the importance of the matters like the stability and positivity the resolution and peace the holy actions and actions the pleasure and living fortunes saubhagyas etc in our lives It is also clear that the truth lies among all the aspects Again it is alike and equal for all of us To follow the definite aspect we need a scale But the truth is from the definite to indefinite aspects As our actions are indefinite the holy actions are for definite aspects of the truth Fast is for definite aspect as the food is of the indefinite And that we have to follow it in every matter in our lives This is a pains taking and ecstatic spiritual journey of an Indian Christian who has experienced Hinduism and Islam This work establishes that the differences among them are complementary but not contradictory Now with this newness we can hope that the truth will save man from his destructive tendencies and make a new Paradise

Educated Hindus Julius Hawley SEELYE,1873 **From Traditions to Truth** Kumaru Nadesan,2013 **The Truth, the Way, the Life** Francis Xavier Clooney,2008 The Truth the Way the Life offers a careful reading of the three holy mantras of Srivaisnavism a south Indian Hindu tradition dedicated to Narayana Lord of the universe and Sri his eternal spouse The mantras short prayers rich in theological and devotional meaning explain and encourage a way of life dedicated to praise and service surrender and dependence on divine grace and so introduce key topics that Christian readers will find familiar and still central to the spiritual life today Francis Clooney s commentary is explicitly Christian and yet deeply indebted to the classic reading of the mantras by the 14th century theologian Vedanta Desika it thus exemplifies an interreligious learning appropriate to the 21st century and yet in the end still deeply Christian *Together to the Truth* Marcus Braybrooke,1971

An Emulation of Sanctity Yann Vagneux,2025-10-17 This book offers a theological reflection of great depth that does not fall into the trap of simplistic syncretism nor into the temptation to Christianize a tradition that is thousands of years old and has its own coherence By agreeing to leave the obvious behind without ever denying what makes his Christian faith unique Yann Vagneux offers us an authentic dialogue that accounts for a dual expatriation from Christianity to the Hindu world and from Hinduism to the Christian world The author invites readers to adopt the theological attitude of listening in order to discern the silent symphony of the Spirit that springs from Hindu wisdom even if it means being disoriented This is the condition for becoming a true cooperator of the truth Is the truth not precisely a pilgrimage an invitation to a journey away from familiar shores **The Scale of Truth** Simon V.
