Subjectivity in the Twenty-first Century Romin W. Tafarodi, 2013 What is it like to be a person today To think feel and act as an individual in a time of accelerated social cultural technological and political change This question is inspired by the double meaning of subjectivity as both the first personness of consciousness being a subject of experience and the conditioning of that consciousness within society being subject to power authority or influence The contributors to this volume explore the perils and promise of the self in today's world Their shared aim is to describe where we stand and what is at stake as we move ahead in the twenty first century They do so by interrogating the historical moment as a predicament of the subject Their shared focus is on subjectivity as a dialectic of self and other or individual and society and how the defining tensions of subjectivity are reflected in contemporary forms of individualism identity autonomy social connection and political consciousness

Handbook of European Societies Stefan Immerfall, Göran Therborn, 2009-12-01 European integration is one of the most ambitious and socially far reaching developments in world politics and in world economics Against growing opposition and despite increasing social heterogeneity the European Union continues to expand and to acquire new competences But to what extent is the self proclaimed ever closer union among the peoples of Europe a social reality In which ways is the political European project anchored in social developments How does social change impinge upon political integration Societal trends in multi cultural multi ethnic multi lingual and socially diverse Europe have never been studied systematically Handbook of European Societies Social Transformations in the 21st Century sets to rectify this neglect of societal developments in Europe providing a groundwork for the sociology of European integration The book portrays social life and social relations in the enlarged Europe and gives a perspective on the European Union as an evolving social entity Handbook of European Societies is a pioneering source book analyzing the current social patterns on the continent It covers a representative selection of major topics of social concern and sociological relevance such as Collective Action Consumption Identity Power Structure Sexuality Stratification and Well being Each contribution probes key developments in a strictly comparative manner The Handbook thus offers a detailed look into the intricacies of the national societies of Europe and into the prospect of an emerging European society The Editors have enlisted leading researchers to synthesize existing knowledge and to make use of many different data sources in a straight forward style The contributions stay away from jargon simple labeling and sweeping assertions Instead they provide solid and accessible information on a wide variety of social trends and processes within and across European societies

Disruptive Platforms Tymoteusz Doligalski, Michał Goliński, Krzysztof Kozłowski, 2021-12-19 It has taken platforms only twenty years to become digital economy hubs They have changed markets enterprises and society They have expedited communication collaboration and trade for consumers winning their attention and collecting their data In doing so they have made processes products and industries obsolete and disrupted the expectations and behaviours of market players This raises the question are digital platforms global innovators or

disruptive monopolists Are they a solution to problems of the past or emissaries of a problematic future This book provides a multi faceted approach to platforms and their profound impact on markets and ecosystems Economic managerial social and political aspects are analysed and the differentiation of platforms and their disruptive potential is reviewed The book also examines the mechanism of achieving a monopolistic position including in the international supply chain and the greater influence of platforms on political activity and contemporary democracy With examples from Poland USA and China the contributions offer an international evaluation of disruptive platforms across a multitude of industries The edited collection prepared by scholars from the SGH Warsaw School of Economics will be valuable to researchers and academics across the fields of strategic management marketing innovations international business and the digital economy Circumcision on the Couch Jordan Osserman,2021-12-16 An Independent Book of the Month Penises and the things people do with them have been subjects of controversy for a long time This book examines how one thing that some people do to penises remove the foreskin has become a site upon which vital questions of gender race religion sexuality and psychic life are negotiated While most contemporary work on the subject is concerned with whether circumcision is right or wrong safe or harmful Circumcision on the Couch takes as its starting point that the significance of male circumcision exceeds anatomical and juridical considerations Deploying a feminist Lacanian framework while drawing from a wide range of archival sources and critical thought Jordan Osserman asks How can psychoanalysis help us shed light on the ideologies discourses and fantasies surrounding circumcision and the impassioned stances for and against it And how might the history of circumcision in turn allow us to re assess and clarify how we understand the split or snipped subject of psychoanalysis Hazard Mitigation Training for Vulnerable Communities Joy Semien,Earthea Nance,2022-05-17 This book is designed to educate vulnerable communities emergency practitioners and disaster researchers to increase the social and physical capacity of communities to mitigate and adapt to disaster impacts With climate change escalating the intensity and range of disasters we have entered an unprecedented time The tools in this book allow researchers practitioners and community leaders to adopt new training techniques that are more engaging and effective using a bottom up framework to integrate knowledge attitude preparedness and skills K A P S This book is uniquely designed to support instructors researchers practitioners and community leaders in their effort to promote preparedness across marginalized communities The book contains a full range of templates worksheets survey questions background information and guidance for carrying out training the material has been field validated to meet research standards The K A P S Framework outlined throughout the book is designed to serve as an adaptable model that national and international audiences can utilize to better prepare their communities for disasters due to hurricanes floods and tornadoes As climate change continues to ravage communities the K A P S training program will prove to be an important tool for community trainers and academics across a range of hazards and disasters **Family Ties and Aging** Ingrid Arnet Connidis,Amanda E. Barnett,2018-10-05 Providing an integrated and thorough representation from

Exploring Inequality in Europe Martin Heidenreich, 2016-06-24 Europe has become a dominant frame for the generation regulation and perception of social inequalities This trend was solidified by the current economic crisis which is characterized by increasing inequalities between central and peripheral countries and groups By analysing the double polarization between winners and losers of the crisis the segmentation of labour markets and the perceived quality of life in Europe this book contributes to a better understanding of patterns and dynamics of inequality in an integrated Europe

Neoliberalism and Early Childhood

Education Guy Roberts-Holmes, Peter Moss, 2021-04-27 Neoliberalism with its worldview of competition choice and calculation its economisation of everything and its will to govern has sunk its roots deep into Early Childhood Education and Care This book considers its deeply detrimental impacts upon young children families settings and the workforce Through an exploration of possibilities for resistance and refusal and reflection on the significance of the coronavirus pandemic Roberts Holmes and Moss provide hope that neoliberalism's current hegemony can be successfully contested The book provides a critical introduction to neoliberalism and three closely related and influential concepts Human Capital theory Public Choice theory and New Public Management as well as an overview of the impact of neoliberalism on compulsory education in particular through the Global Education Reform Movement With its main focus on Early Childhood Education and Care this book argues that while neoliberalism is a very powerful force it is deeply problematic eminently resistible and eventually replaceable and that there are indeed alternatives Neoliberalism and Early Childhood Education is an insightful supplement to the studies of students and researchers in Early Childhood Education and Sociology of Education and is also highly relevant to policy makers

Subjectivity and the Social World Stephen Burwood, Tom Feldges, Josh N.W. Gray, 2014-06-19 At a time when the US government is spending enormous amounts of money on a project called BRAIN and the European Union has committed itself to the multi million Human Brain Project the chances of revealing the workings of the neuronal components of the brain are as good as they have ever been Nevertheless even if brain functions or the entire brain could be simulated on a computer one day as the EU project aims for the question of the relation between the experiencing subject and the brain is still an open one The tension between experienced subjectivity and its biological basis is at the core of recent philosophical psychological sociological biological and interdisciplinary debates The traditional Cartesian inner theatre and the resulting substance dualism cannot be made to fit scientific requirements Reductive accounts claiming some identity between mental and physical occurrences display difficulties when it comes to accounting for the experiential dimension of human life The central question is What is a subject and how does a subject interact with others This book is a collection of papers that provides innovative and insightful answers to this question It is therefore as its name suggests a discussion of subjectivity and the social world

Subjectivity and Identity Peter V. Zima, 2015 Subjectivity and Identity is a philosophical and interdisciplinary study that critically evaluates critically the most important philosophical sociological psychological and literary debates on subjectivity and the subject Starting from a history of the concept of the subject from modernity to postmodernity from Descartes and Kant to Adorno and Lyotard Peter V Zima distinguishes between individual collective mythical and other subjects Most texts on subjectivity and the subject present the topic from the point of view of a single discipline philosophy sociology psychology or the

Otherness in Question Livia Mathias Simão, Jaan Valsiner, 2007 This book brings to social scientists a new look at how human beings are striving towards understanding others and through that effort making sense of themselves It brings together researchers from all over the World who have suggested a set of new approaches to the basic research issue of how human beings are social beings while being unique in their personal ways of being Issues of social representation communication dialogical self and human subjectivity are represented in this book The book contributes to the contemporary epistemological and ethical debate about the question of otherness and would be of interest to educationalists sociologists psychologists and anthropologists It is an invitation to the wide readership to join in this collective effort towards the construction of new conceptions about myself others relationships that allow for innovative understanding of various social practices and problem solving in society Sociological Theory and Collective Subjectivity José Maurício Domingues, 1995 The main theme of this book is collective subjectivity analysed especially in connection with the work of Marx Parsons Giddens and Habermas but also addressing the manifold tendencies of sociological theory from its inception to the present After the fragmentation of the 1960s a number of syncretical approaches emerged The book supports the idea that there is a conceptual shortcoming in the most relevant contemporary research programmes in sociological theory despite some recent efforts to redevelop concepts of collective actor class or social movement *Individuals in Society* Robert Moorman, Gerald L. Sicard, Joseph D. McNair, 2000-04 Recently revised the sixteen chapters in Individuals in Society explore in depth the issues that contribute and factor into an individual's place in the 21st century Moorman Sicard and McNair have come together to develop a book that covers a variety of topics such as Critical Thinking and Social Science Understanding People Interpersonal Communication Biological Sex and Gender Identity and many other topics *Intersubjectivity* Nick Crossley, 1996-06-06 This critical discussion of intersubjectivity as an interdisciplinary subject sheds light on our understanding of selfhood communication citizenship power and community It traces the contributions of key thinking like Buber Husserl
