Documentary Comics Truth Telling Skeptical Palgrave:

Documentary Comics Nina Mickwitz, 2016-04-29 Can comics be documentary and can documentary take the form of and thus be comics Examining comics as documentary this book challenges the persistent assumption that ties documentary to recording technologies and instead engages an understanding of the category in terms of narrative performativity and witnessing Through a cluster of early twenty first century comics Nina Mickwitz argues that these comics share a documentary ambition to visually narrate and represent aspects and events of the real world *Comics and Migration* Ralf Kauranen, Olli Löytty, Aura Nikkilä, Anna Vuorinne, 2023-03-31 Comics and human mobility have a long history of connections This volume explores these entanglements with a focus on both how comics represent migration and what applied uses comics have in relation to migration The volume examines both individual works of comic art and examples of practical applications of comics from across the world Comics are well suited to create understanding highlight truthful information and engender empathy in their audiences but are also an art form that is preconditioned or even limited by its representational and practical conventions Through analyses of various practices and representations this book questions the uncritical belief in the capacity of comics assesses their potential to represent stories of exile and immigration with compassion and discusses how xenophobia and nationalism are both reinforced and questioned in comics The book includes essays by both researchers and practitioners such as activists and journalists whose work has combined a focus on comics and migration It predominantly scrutinises comics and activities from more peripheral areas such as the Nordic region the German language countries Latin America and southern Asia to analyse the treatment and visual representation of migration in these regions This topical and engaging volume in the Global Perspectives in Comics Studies series will be of interest to researchers and students of comics studies literary studies visual art studies cultural studies migration and sociology It will also be useful reading for a wider academic audience interested in discourses around global migration and comics traditions

Perspectives on Digital Comics Jeffrey SJ Kirchoff, Mike P. Cook, 2019-02-21 This collection of new essays explores various ways of reading interpreting and using digital comics Contributors discuss comics made specifically for web consumption and also digital reproductions of print comics Written for those who may not be familiar with digital comics or digital comic scholarship the essays cover perspectives on reading criticism and analysis of specific titles the global reach of digital comics and how they can be used in educational settings Contexts of Violence in Comics Ian Hague, Ian Horton, Nina Mickwitz, 2019-08-01 This book is part of a nuanced two volume examination of the ways in which violence in comics is presented in different texts genres cultures and contexts Contexts of Violence in Comics asks the reader to consider the ways in which violence and its representations may be enabled or restricted by the contexts in which they take place It analyzes how structures and organising principles be they cultural historical legal political or spatial might encourage demand or prevent violence It deals with the issue of scale violence in the context of war versus violence in the context of an

individual murder and provides insights into the context of war and peace ethnic and identity based violence as well as examining issues of justice and memory This will be a key text and essential reference for scholars and students at all levels in Comics Studies and Cultural and Media Studies more generally

The Routledge Companion to Migration

Literature Gigi Adair, Rebecca Fasselt, Carly McLaughlin, 2024-07-30 The Routledge Companion to Migration Literature offers a comprehensive survey of an increasingly important field It demonstrates the influence of the age of migration on literature and showcases the role of literature in shaping socio political debates and creating knowledge about the migratory trajectories lives and experiences that have shaped the post 1989 world The contributors examine a broad range of literary texts and critical approaches that cover the spectrum between voluntary and forced migration In doing so they reflect the shift in recent years from the author centric study of migrant writing to a more inclusive conception of migration literature The book contains sections on key terms and critical approaches in the field important genres of migration literature a range of forms and trajectories of migration with a particular focus on the global South and on migration literature s relevance in social contexts outside the academy Its range of scholarly voices on literature from different geographical contexts and in different languages is central to its call for and contribution to a pluriversal turn in literary migration studies in future scholarship This Companion will be of particular interest to scholars working on contemporary migration literature and it also offers an introduction to new students and scholars from other fields Chapter 15 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license
