Classical Vocal Music in Print, 1985 *A Catalog of Books Represented by Library of Congress Printed Cards Issued to July 31, 1942*, 1942 **Cervantine Blackness** Nicholas R. Jones, 2024-10-22 There is no shortage of Black characters in Miguel de Cervantes's works yet there has been a profound silence about the Spanish author's compelling literary construction and cultural codification of Black Africans and sub-Saharan Africa In *Cervantine Blackness* Nicholas R. Jones reconsiders in what sense Black subjects possess an inherent value within Cervantes's cultural purview and literary corpus In this unflinching critique Jones charts important new methodological and theoretical terrain problematizing the ways emphasis on agency has stifled and truncated the study of Black Africans and their descendants in early modern Spanish cultural and literary production Through the lens of what he calls Cervantine Blackness Jones challenges the reader to think about the blind faith that has been lent to the idea of agency and its analogues presence and resistance as a primary motivation for examining the lives of Black people during this period Offering a well-crafted and sharp critique through a systematic deconstruction of deeply rooted prejudices Jones establishes a solid foundation for the development of a new genre of literary and cultural criticism A searing work of literary criticism and political debate *Cervantine Blackness* speaks to specialists and nonspecialists alike anyone with a serious interest in Cervantes's work who takes seriously a critical reckoning with the cultural historical and literary legacies of agency antiblackness and refusal within the Iberian Peninsula and the global reaches of its empire *Dictionary Catalog of the Rare Book Division* New York Public Library.
