Learning to Read Critically in Educational Leadership and Management Mike Wallace, Louise Poulson, 2003-01-28

In *Learning to Read Critically in Educational Leadership and Management* Mike Wallace and Louise Poulson provide students with an eminently usable text. Although the theoretical underpinnings and conceptualizations of leadership issues invariably differ, this book provides a lucid guide to plumbing their ambiguities.

Educational Review: This is a book that should be regarded as essential reading for those students following courses in education and social policy, particularly at masters level.

International Journal of Educational Management: I bought this book just a few days ago and I was surprised to realise the simple and yet scientific way it is written. I have started my postgraduate studies in Educational Management and this book will definitely make things easier. I would like to cordially thank Professor Wallace and Mrs Louise Poulson for this book which will help the majority of the students who enter the labyrinth of postgraduate research and surely need a kind of instruction manual to start.

Amazon Review: One of the most useful books that I have come across for my students.

Professor Les Bell, Director of Doctorate of Education, University of Leicester: Very impressed with the first chapter. Have recommended it to our research department for use with our graduate students.

Thorough and practical: Philip Hallinger, Executive Director of the College of Management, Mahidol University, Thailand. This unique book combines the teaching quality of a text with exemplary reports of small scale and larger research studies as well as a literature review by leading academics.

Part One: shows how to develop as a critical reader and self-critical writer of literature and how to apply these insights in planning a written assignment, dissertation or thesis. The book provides a framework for the critical analysis of any text and shows how to incorporate this in a literature review.

Part Two: presents accounts of leading edge research offering insights into key issues in the field of educational leadership, management and administration. The reader is invited to practice literature review skills by applying the critical analysis questions to any research report. Readers can use the models of good research practice presented here in their own design of an investigation for a dissertation or thesis.

Part Three: shows how a high quality literature review may be constructed and addresses a key issue in the field.

Contributors include: Sharon Kruse, Karen Seashore, Louis Kenneth Leithwood, Phillip Hallinger and Ronald Heck. Derek Glover and Rosalind Levacic. Ray Bolam. This book will be useful to postgraduate students on research based masters and doctorate courses in educational leadership, management and administration. It is relevant for students doing research training in the social sciences and humanities. It can also be used as a teaching resource by supervisors of masters and doctorate level students. This series, edited by Mike Wallace, supports research based teaching on masters and taught doctorate courses in the humanities and social sciences fields of enquiry.

Each book is a three in one text designed to assist advanced course tutors and dissertation supervisors with key research based teaching tasks and aims to develop students critical understanding of research literature increase students appreciation of what can be achieved in small scale investigations similar to those which they undertake for their dissertation present students with major findings generalisations and concepts connected to their particular field **Educational**

Leadership and Organizational Management Victor C.X. Wang, Bernice Bain, John Hope, Catherine A.

Hansman, 2016-10-01 This book is intended for students leaders and managers who wish to explore the personal relevance and conceptual bases of educational leadership and organizational management and to develop their expertise in this field It is a book written for both scholars and practitioners The general public will also appreciate the accessible language in the book There are two goals in the experiential learning process One is to learn the specifics of a particular subject matter in this case educational leadership and organizational management The other is to learn about one s own strengths and weaknesses as a learner This book is focused on the analysis of prevalent theories and concepts and their application to the development of leadership and management skills and the knowledge and attitudes required to solve real world problems in the workplace For decades students have focused their studies of educational leadership and organizational management theories in classroom settings without actual opportunities to apply these theories in the workplace A profound and significant lesson learned in history is that we must follow the principle of integrating theory with practice unity of theory with practice Then we can follow the policy of walking on two legs an analogy made by the late Chinese chairman Mao Ze Dong

Leadership for Mortals Dean Fink, 2005-10-03 Dean Fink addresses contemporary issues and what they mean for school leadership focusing on the role of school leaders as the leaders of learning and offering a critique of the fads of the leadership industry **Thrust for Educational Leadership**, 1999 **Becoming a Successful School Leader** Krishan
