Design and Evaluation of an E-Learning Artefact for the Implementation of SAP S/4HANA® Felix Garayo Maiztegui,2023-02-21 The objective of this study is to create a new e learning artefact for SAP S 4 Hana training purposes Based on Design Science Research a new prototype of an e learning

artefact has been developed The prototype is grounded on didactic and information systems theories as well as models The aim of this new prototype is to transfer knowledge of business processes with the new Enterprise Resource Planning ERP SAP S 4 HANA in an effective and efficient way The study is validated through an experiment with a treatment and a control group While the treatment group learns with the new e learning artefact the control group keeps with the existing conventional training Results show that the treatment group have significantly less dropouts than the control group and that the treatment group could also finalize the SAP S 4 Hana exercises in less time This study shows also how companies can benefit significantly using the same approach through a set of guidelines *Subject Guide to Books in Print* ,1991
