Emasculating Feminization Guide:

Oxford Guides to Chaucer: Troilus and Criseyde Barry Windeatt, 2023-08-24 This is a comprehensive critical guide to Chaucer's *Troilus and Criseyde*. This new edition has been comprehensively revised in light of the latest scholarly and critical research and with a fully updated bibliography. It includes a full account of Chaucer's imaginative deployment of his sources and an extended survey of this narrative poem's innovative combination of a range of generic identities. The chapters explain how Chaucer builds thematic significance into his poem's symmetrical structure and the poem's distinctive variety in style and language as well as a full commentary on the poem's concerns with love in the contexts of time and mutability and human free will. The Guide explores the poem as an extended debate about the nature and value of love and how love was conceptualized and experienced as a form of service in quest of compassionate reward, a quasi-religious devotion and a potentially fatal illness always in hope of cure. The subjectivities of the chief protagonists are fully analysed as is the poem's problematic ending. Alongside discussions of theme and structure, there is also an account of what the extant manuscripts of *Troilus and Criseyde* may reveal about the poem's early genesis and a unique survey of responses to *Troilus* from its own times to the present day. Barry Windeatt's contribution to the series is a comprehensive single volume guide to *Troilus and Criseyde*, bringing together a wide range of material and providing a readable commentary on all aspects of the work. Combining the informative substance of a reference book with the coherence of a critical reading, the Guide has taken its place as the standard introduction to *Troilus and Criseyde* since its first publication in 1992. **New Jews** David L.

Reznik, 2015-12-03 *New Jews* is the first comprehensive study of American Jewish identity in Hollywood movies of the new millennium. Despite the argument that we live in a post-racial society with supposedly new Jewish characters emerging on the big screen, this book details how traditional racial stereotypes of American Jews persist in popular films from the first decade of this century. In clear and readable prose, the book offers an innovative and penetrating look at dozens of American Jewish meddling matriarchs, neurotic nebbishes, pampered princesses, and scheming scumbags from 21st-century film, whether Hollywood blockbusters like *Meet the Fockers* and *Sex and the City* or indie favorites like *Garden State* and *Kissing Jessica Stein*. Throughout the book, famous American Jewish characters played by the likes of Jim Carrey, Tom Cruise, Anne Hathaway, Kate Hudson, Scarlett Johansson, Sarah Jessica Parker, Adam Sandler, and Ben Stiller are discussed with the ultimate conclusion that movies today are marked less by the emergence of new Jews than by the continued but dynamic and transformed presence of the same old stereotypes. *Men & Masculinities* Michael S. Kimmel, Amy B. Aronson, 2003-12-11
