The Grid Marie D. Jones, Larry Flaxman, 2013-10-01 Read this book and you will never view reality the same way again Mainstream science argues that if something can t be touched measured quantified and duplicated in a laboratory then it doesn t exist According to this worldview reality is an unconscious non personal mass of matter which leaves no room for the existence of spiritual or unexplained phenomenon But is that all there really is to reality Marie D Jones and Larry Flaxman don t think so and after reading this book neither will you In *The Grid* paranormal investigators and best selling authors Jones and Flaxman present their theory of the Grid a divine superstructure that includes multiple levels of existence the entirety of which make up our reality Imagine a towering skyscraper with numerous floors where each floor represents a different level of existence Matter spirits angels ghosts extraterrestrials quantum physics biology neuroscience religion metaphysics even paranormal studies all have their place in the Grid And once you have an understanding of the many floors of the Grid and how they are connected you will learn all the possible ways you can take the elevator to access them such as developing your psychic abilities deep meditation out of body experiences and even the use of psychoactive drugs Jones and Flaxman will show you how to release the limiting belief that this is all there is once and for all by exploring the Grid expanding your awareness and empowering your life in the process Reality dear friend will never be the same again

The Déjà Vu Enigma Marie D. Jones, Larry Flaxman, 2010-06-20 A deep dive into one of the most widely reported mysteries of the mind both the scientific and paranormal theories from the authors of *The Grid* You feel like you ve done something before even as you do it for the very first time You engage in a conversation and suddenly realize you ve spoken those same words before to the very same person Yet you re positive it s the first time you ve ever met D j vu is the eerie sensation of remembering an experience or situation that never occurred Scientific research into d j vu has revealed intriguing theories ranging from short term memory misfires to neurophysiological disorders Yet other theories suggest more paranormal causes for d j vu such as glimpses into parallel realities Perhaps the true explanation lies somewhere in between But d j vu is only one of the many mysteries of the mind *The D j Vu Enigma* also explores Memory lapses missing time and fugue states The brain as both receiver and transmitter of reality Altered states of perception and consciousness from hallucinations to religious visions Contagious thought curses demonic possession and mass hysteria Dream states lucid dreaming and precognitive dreams *The Grid* and parallel universes as travel routes for mind trips brain flips and time slips Come journey through a world as vast and uncharted as the Cosmos A journey through the Inner Universe the human mind From the

dynamic team of Marie D Jones Larry Flaxman who have brought us some many wonderful books on fringe subject matter a completely thought provoking study HorrorNews net

Astral Projection: Interdimensional Guide to Out of Body Experiences (A Guide on How to Travel the Astral Plane and Have an Out-of-body Experience) Herbert Gonzalez, 101-01-01 Astral traveling has intrigued many people from different civilizations throughout the centuries Although scientific researchers have not proven the logic behind astral travel it is perplexing to take note that different people from different regions countries and religions have experienced the same experiences This definitely means that there is so much more to astral travel than just simply dreaming of traveling to another world Astral projection is a difficult thing to do and it can be difficult for first timers thus this book In this book you will also learn How to prepare your body and mind for an exploration of non physical dimensions How to master the art of astral projection How to travel the astral plane and meet higher beings and entities How to improve your self awareness and attain higher levels of enlightenment and spirituality 5 astral projection techniques used by experts 8 things you should know before attempting an obe Advanced obe techniques How to discover and utilize your spirit guides How to navigate the astral dimension without falling victim to negative entities Lucid dreaming might sound like an exotic concept but it is backed by science It is a skill anyone can learn and improve Lucid dreaming helps you prevent nightmares understand the power behind your choices explore your creativity become more aware of yourself and be in complete control of your own life Lucid dreaming is the key to self awareness Part two of this book will act as your guide every step along the way

The Great Beyond Paul Halpern, 2008-04-21 The concept of multiple unperceived dimensions in the universe is one of the hottest topics in contemporary physics It is essential to current attempts to explain gravity and the underlying structure of the universe The Great Beyond begins with Einstein's famous quarrel with Heisenberg and Bohr whose theories of uncertainty threatened the order Einstein believed was essential to the universe and it was his rejection of uncertainty that drove him to ponder the existence of a fifth dimension Beginning with this famous disagreement and culminating with an explanation of the newest brane approach author Paul Halpern shows how current debates about the nature of reality began as age old controversies and addresses how the possibility of higher dimensions has influenced culture over the past one hundred years

How to Travel Beyond the Time and Space M. Muzamal Naveed, 2019-11 My book contains a wide variety of techniques for entering the astral plane This was not done by chance despite all the efforts I was not able to develop a single universal technique As a rule a person can learn to leave the physical body in several ways and at least one of them will suit you Before proceeding to specific exercises I would advise you to read the entire book and only with repeated more careful reading begin to master the proposed methods Some exercises may seem too easy and ineffective However you should not skip from one chapter to another this especially applies to chapter nine since the methods presented in the book have proved their practical effectiveness in this sequence So be consistent do not be afraid to lose the extra ten minutes and the results will not belong in coming Since time immemorial people have experienced an

inexplicable craving for astral travel How did a man manage to leave his physical shell and rush into unknown distances going beyond the boundaries of time and space Was this ability inherent only to the elect or did each person have such an opportunity from birth It is quite obvious that it was beneficial for shamans to keep people in the dark about such brilliant and unique opportunities to keep abreast of upcoming events or even influence them That is why the technique of astral exit was shrouded in mystery Nevertheless there are many examples of how some people acquired the gift of astral exit spontaneously In most cases the astral experience left a good impression However some stories terrified people forming a misconception about this phenomenon Some people believe that leaving the physical body is fraught with serious risk In fact astral travel is much safer than driving a car In this book I give recommendations that virtually eliminate all adverse effects For many years I taught people and was their guide to another dimension and all of them claim that astral travel enriches life filling it with new colours and pleasant experiences What is astral travel In practice this type of journey means leaving the physical body visiting any place of your choice and returning to the body shell People had astral experience in prehistoric times The descriptions of astral travel were left by the ancient civilizations of Egypt India China and Tibet In the Tibetan tradition people capable of astral exit were called delogs which meant those who returned from the beyond Scientist came to the conclusion that there are six main characteristics inherent in all cases In all cases people feel that they are leaving the physical body in the head area At the moment the astral body leaves the physical shell the human consciousness is turned off Before embarking on a journey the astral bodies of people hover for some time over their physical shells Before returning the astral double also soars for a while over the physical body Before the final return an instantaneous dimming of consciousness occurs again In the case of an accelerated return of the astral body the physical bodies of people experience involuntary shudders How to Achieve Fifth Dimension Consciousness Trish LeSage,2014-03-14 How To Achieve Fifth Dimension Consciousness by Trish LeSage How to Achieve Fifth Dimension Consciousness Trish LeSage,2015-03-13

Multidimensional Man Jurgen Ziewe,2008-08 Leading a highly demanding professional life Jurgen Ziewe compensated by practicing intensive meditation to gain balance and spiritual inspiration He soon discovered there was more to life when he was catapulted out of his body into a parallel universe For nearly forty years he kept a secret diary detailing his excursions which reveal a fascinating alternate reality that awaits us once we leave our mortal bodies The author discovered a multidimensional universe which he could step into in full waking consciousness He returned each time with breath taking accounts of a world which forms not only the natural extension but the foundation of our physical universe Jurgen Ziewe gives vivid and compelling accounts of meeting his deceased relatives of interviewing the dead and even of accompanying himself in a previous life He describes with the zest of a travel journalist some of the mind bending places he has visited and recalls the excitement of unearthing the magical powers found there **Parallel Universe, Out of Body Experience and Phase** Shumaila Naveed,2020-06-17 All life is a continuous movement forward in all possible directions of development It

seems that the topic of this book globally and ideally fits into this rule because it can lead us to a completely different level of existence. It is especially worthwhile to immediately understand that in this book you will not find mysticism and esotericism. This book is only about the practice and what can be proved to any adequate person based solely on a sober mind and a more scientific approach than on unexplained facts. The book is designed for a pragmatist and a person far from miracles. Naturally, a person with esoteric interests will see here a different view of things which are usually given a completely different explanation. Only now he will receive real practice far from the usual theories and extremely subjective experiences. This phenomenon itself has many applications in life of which you first learn only from this book. In it I tried to describe as broadly and fully as possible the entire spectrum of all kinds of things related to this phenomenon. It would seem to someone that with an undeniable opportunity this is difficult to learn. This is far from the case. In fact it is simple if you know what how and when to do about which by the way almost a third of this book. At its core out of body sensations are far more overwhelming than you can even imagine. Leaving there you take away all the sensations with you and only remember that you exist here. These experiences are also and even more real than those that are now in front of your eyes that is there is a clear feeling of full presence in real events which nothing else can give at the moment. This phenomenon is so vivid in all respects so real in essence and so limitless that I can only worry about the fact that my meagre language and experience of expressing thoughts were not enough to convey the scale of the phenomenon. Whatever opinion you have after reading this book it certainly will not correspond to the knowledge and understanding that I would like to convey and which correspond to reality. Everything is much more serious.

Awakening to the Fifth Dimension -- A Guide for Navigating the Global Shift Vidya Frazier, 2014-05-16

Humanity has recently entered an extraordinary period of transition in which it is preparing to make a quantum transformational leap to a higher level of consciousness and reality known as the Fifth Dimension forever leaving behind all experiences of fear, conflict, pain, sorrow and duality. As veils of forgetfulness and dysfunctional patterns begin to dissolve in this Shift we are at the dawn of an entirely new era on the planet, life lived from love, peace, cooperation, abundance and reverence for all existence. AWAKENING TO THE FIFTH DIMENSION is an indispensable guide for this journey into uncharted new territory in consciousness which may include unprecedented experiences of freedom, joy and expansion as well as significant challenges of disorientation and rapid change. We are invited here into conscious participation in an accelerated evolution as we ascend into the Fifth Dimension. In mapping the territory of this dimensional shift it is also a call to co-create a New Earth that many of us have deeply longed for. Among its themes: Common personal experiences during the Shift; Ways to navigate it with ease and grace; Understanding the Dimensions Third, Fourth and the emerging Fifth; Physical, mental and emotional Ascension symptoms; Raising and sustaining your vibration; Well-being, happiness, freedom; Stepping into a new multi-dimensional identity; Discovering your mission for assisting the planet through the Shift.
