into opportunities and to craft strategies that resonate with purpose vision and impact **The Strategic Manager** Harry Sminia,2021-07-25 The Strategic Manager provides a comprehensive logical and applied insight in strategic management Unlike some more theory heavy texts this book focuses on how strategy works in everyday practice taking readers expectations and understanding beyond that of strategy as a matter of planning only It enables the reader to learn and reflect upon their practical skills and knowledge and critically evaluate the strategy process and their own strategic decision making The book is based around six different strategy theories individually presented and supplemented with useful lists of questions that encourage readers to become competent strategic thinkers This third edition has been fully updated throughout including fresh case studies and examples from across Asia Africa and South America that bridge theory with practice new strategy practice boxes considering the importance of cooperation and strategic alliances and reflective questions to aid understanding Essential reading for postgraduate students of strategic management MBA students and those in executive education this text will also be a useful tool for reflective managers trying to develop a better understanding Online resources include chapter by chapter PowerPoint slides **Organizational Knowledge Dynamics: Managing Knowledge Creation, Acquisition, Sharing, and Transformation** Bratianu, Constantin,2015-03-31 Promoting

organizational knowledge is an important consideration for any business looking toward the future Understanding the dynamics of knowledge intensive organizations is a crucial first step in establishing a strong knowledge base for any organization Organizational Knowledge Dynamics Managing Knowledge Creation Acquisition Sharing and Transformation introduces the idea that organizational knowledge is composed of three knowledge fields cognitive knowledge emotional knowledge and spiritual knowledge This book is useful for graduate students researchers and practitioners in knowledge management intellectual capital human resources management change management and strategic management

Strategic Management in Public Services Organizations Ewan Ferlie,Edoardo Ongaro,2015-02-20 Strategic Management in Public Services Organizations sets out to connect the two traditionally disparate academic literatures of public management and strategic management The authors argue that some models of strategic management are now of enhanced relevance for contemporary public services organizations especially when considering successive New Public Management reforms This observation has important consequences for the requisite work practices skills and knowledge bases of current public managers as they are increasingly being asked to act as strategic as well as operational managers Strategic Management in Public Services Organizations takes a strongly comparative and international perspective in addressing the fundamental issue of strategic management within diverse public administrative traditions The impact of strategic management on the performance of public agencies is examined and it is argued that the appropriate use of strategic management models depends on the politico administrative and cultural contexts of the public services organization in question concluding that there is no single best way to strategically lead public organisations This is an advanced textbook

aimed at the postgraduate level particularly students on MPAs and MBAs with a public sector option or MScs in Public Policy and Public Management

Technology Strategy Nigel Walton, Neil Pyper, 2019-09-21 This dynamic and beautifully written textbook takes a modern and innovative approach to strategy by placing technology at its heart bridging the gap between general strategy texts and specialist technology and innovation literature It addresses the challenges and opportunities presented to organisations by disruptive technological change and takes into account the navigation of uncertain business environments In addition to examining more established concepts and theories the text also explores new disruptive business models and non traditional approaches to strategy development such as effectuation the Business Model Canvas and prediction logic This comprehensive and critical approach is supported by a rich assortment of practical examples and cases drawn from different sectors and a range of exciting companies from all over the world helping students and practitioners to apply theory to practice This will be an essential core text for modules on technology strategy and innovation at upper undergraduate postgraduate and MBA levels and invaluable reading for senior executives and aspiring managers who seek to understand how to implement strategy in a volatile disruptive environment
