important than your child's education but sometimes it's difficult to find the time to fit everything in. From DK's best-selling *Made Easy* home learning workbooks the 10 Minutes a Day series fits in around busy lives. Aimed at ages 9-10, 10 Minutes a Day Spelling 4th Grade covers a range of curriculum subjects including decimals, fractions, shapes, angles, analyzing data, times tables, and of course solving mathematical calculations. Each exercise is simply and clearly introduced to help learning with colorful illustrations accompanying some of the fill-in-the-gap exercises. For the eager student there are extra time filler challenges on every page if they finish the questions within 10 minutes and want to continue practicing or just want ideas for additional activities to do at home. Answers are provided along with parents' notes that explain what your child learns from the exercise, making this series perfect for homeschooling or just helping your child stay ahead. Perfect both for the budding mathematician and those who need a little more support.

10 Minutes a Day Math is a colorful, controlled, and curriculum-aligned approach to mastering math. **10 Minutes a Day** Dorling Kindersley Publishing Staff, Sean McArdle, 2014-12-15

Reinforce learning fractions at home with 10 Minutes a Day Fractions, a workbook that supports school curriculum and classroom teaching on fractions by adding quick but valuable practice time for adding, subtracting, multiplying, and dividing fractions. 10 Minutes a Day Fractions utilizes a proven learning strategy for learning fractions. Encourage your child's learning with the effective little and often learning strategy outlined in our 10 Minutes a Day workbooks. Proven effective, this leveled curriculum supporting method is great for children who resist long periods of study or for children who need focused attention in fractions. 10 Minutes a Day Fractions is different than other study books because it includes an embedded LCD timer that encourages children to beat the clock, adding an extra element of challenge to focused study time. The 10 Minutes a Day Fractions workbook is broken into study challenges and exercises designed to take up to 10 minutes to complete. Children work through a series of quick answer questions, then move onto extension activities and timed exercises if they have time left after the first round of study questions. The timer acts as a stopwatch for skills challenges, and many kids are surprised to find that beating the timer can actually be fun. 10 Minutes a Day Fractions helps children learn by supplementing school curriculum and strengthening the important skills set of learning fractions. Parents will love that 10 Minutes a Day Fractions helps them fit short bursts of study into already busy days, and that 10 Minutes a Day Fractions includes an answer key for parents as well as notes on common pitfalls and how to teach children to overcome them.
