William Bay, 2010-10-07 Playing chords is the emphasis of this Mel Bay Guitar University MBGU book Over 100 songs arranged for chord strumming accompaniment to singing Presented are easy chord forms strumming in different time signatures master chord reference chart use of the capo musical terms types of guitars and frequently asked questions This is an ideal supplement to any guitar method Online audio files available **Sing Out**, 1993 **100 Hymns for Trumpet and Guitar** William Bay, 2017-11-29 100 Hymns for Trumpet and Guitar is a collection of all time favorite hymns arranged for trumpet solo with suggested written chordal accompaniment Fingerstyle guitar and strum styles are indicated on each solo and capo chords are shown where appropriate Other chordal instrumentalists can also use the written material The repertoire spans centuries and represents a wonderful assortment of solos which may be used as preludes or offertories throughout the various seasons in the church year **Flatpicking Guitar Hymns Made Easy** WILLIAM BAY, 2010-12-29 All time favorite hymns arranged in notation and tab for easy to play flatpicking guitar A companion CD is included on the CD each piece is played twice once as a guitar solo with accompaniment and again as a back up track so the guitarist may practice the piece and use in a worship setting ideal for small group or church performance **More Hymns for Fingerstyle Guitar** Doug Young, 2021-09-28 More Hymns for Fingerstyle Guitar contains twenty five well known hymns arranged for fingerstyle guitar in standard tuning following the same format as the first two books in this series The arrangements are designed for easy sight reading with the potential to embellish them on the fly to create more complex arrangements in your own style In addition to the hymn arrangements the book includes tips and suggestions on adding your own introductions and endings as well as improvising variations Recordings of all hymns are available as a free download From the author's Introduction As with other books in this series the arrangements in this book are meant to be easy to play easy to read and most of all easy to extend There are two basic approaches to playing fingerstyle arrangements memorize every note of an intricate piece and play it the same way every time or start with an outline of the tune and improvise variations The first approach has the advantage that the notes are worked out ahead of time but takes work to memorize The music may also get stale over time since everything is locked in With the second approach memorization is easier or maybe even unnecessary and you can continually explore new variations making the music more fun to play and maybe more fun to listen to Hymns work well for the second approach because there are so many hymns and people are likely to request their favorites particularly for special services It would be difficult to maintain a large enough repertoire of complex arrangements to cover all situations The arrangements in this book are designed to be pulled out at a moment's notice allowing you to perform with minimal preparation These sketches are similar to those found in fake books but designed for solo fingerstyle guitar Jazz fake books are typically limited to just chord names and perhaps melody These arrangements provide a bit more than that basically easy to play arrangements with no complicated parts that are designed to be extended on the fly Songs At the Cross Christ the Lord is Risen Today Crown Him With Many Crowns God Will Take Care of You Great
