First Earth Battalion Operations Manual James B. Channon, Jim Channon, 2009-11-06 Evolutionary Tactics A Blueprint for Action The Real Light at the end of the tunnel from the Vietnam era Sometimes it takes the perspective of history to unmask the true genius of a person a book or a point of view Perhaps even more telling the first attempt to deal with the subject of Jim Channon's First Earth Battalion was through the vehicle of comedy The Men Who Stare at Goats the movie starring George Clooney did not treat the ideas at the core of the First Earth Battalion with anywhere near the attention they deserve In fact one could say that the movie trivialized the concept through humor and marginalized the principals as addled characters The true nature of the First Earth Battalion can begin to be appreciated by reading the Operations Manual A hand illustrated work of art highlighting a new direction for not just the military but the planet as well The fact that Jim felt the army could take the lead in this matter speaks to his own brand of practical idealism that untold numbers of corporate leaders took advantage of on his retirement from the Army See <http://cyber.mpnodes.info/archives/509> for the Goats Declassified featurette from the DVD to get the real backstory of what transpired and continues to this day *Invoking the Beyond*: Paul D. Collins, Phillip D. Collins, 2020-11-22 The Gnostic revival of the Enlightenment witnessed the erection of what could be called the Kantian Rift an epistemological barrier between external reality and the mind of the percipient Arbitrarily proclaimed by German philosopher Immanuel Kant this barrier rendered the world as a terra incognita Suddenly the world out there was deemed imperceptible and unknowable In addition to the outer world the cherished metaphysical certainties of antiquity the soul a transcendent order and God swiftly evaporated The way was paved for a new set of modern mythmakers who would populate the world out there with their own surrogates for the Divine Collectively these surrogates could be referred to as the Beyond because they epistemologically and ontologically overwhelm humanity In recent years the Beyond has been invoked by theoreticians literary figures intelligence circles and deep state operatives who share some variant of a technocratic vision for the world In turn these mythmakers have either directly or indirectly served elitist interests that have been working toward the establishment of a global government and the creation of a New Man Their hegemony has been legitimized through the invocation of a wrathful earth goddess a technological Singularity a superweapon and extraterrestrial gods All of these are merely masks for the same counterfeit divinity the Beyond *The Men Who Stare at Goats* Jon Ronson, 2011-06-28 Now a major film starring George Clooney Ewan McGregor and Jeff Bridges this New York Times bestseller is a disturbing and often hilarious look at the US military's long flirtation with the paranormal and the psy op soldiers that are still fighting the battle Bizarre military history In 1979 a crack commando unit was established by the most gifted minds within the US Army Defying all known laws of physics and accepted military practice they believed that a soldier could adopt the cloak of invisibility pass cleanly through walls and perhaps most chillingly kill goats just by staring at them They were the First Earth Battalion entrusted with defending America from all known adversaries And they really weren't

joking What's more they're back and they're fighting the War on Terror An uproarious exploration of American military paranoia With investigations ranging from the mysterious Goat Lab to Uri Geller's covert psychic work with the CIA to the increasingly bizarre role played by a succession of US presidents this might just be the funniest most unsettling book you will ever read if only because it is all true and is still happening today     *Mystery Mark of the New Age* Texe W.
