

SPRING

READING COMPREHENSION

Read the following text and answer the questions below.

Spring has arrived, bringing with it a burst of color and life. As the days grow longer and the weather warmer, the world outside is changing. Flowers are blooming, trees are budding, and animals are emerging from their winter homes. One of the most exciting things about spring is the chance to see baby animals. In the meadow, you might spot fluffy ducklings waddling after their mother, or tiny rabbits hopping through the grass. It's a magical time of new beginnings and growth. The warmer weather also means it's time to get outside and play. You can ride your bike along a flower-lined path, fly a kite high in the sky, or have a picnic with your friends and family. Spring is the perfect time to explore nature and enjoy the fresh air. As you explore, you might notice the beautiful colors of spring. Flowers of all shapes and sizes bloom in vibrant hues, creating a rainbow of colors. It's a feast for the eyes and a reminder of the beauty of the natural world. Spring is a season of renewal and growth. It's a time to plant seeds in the garden and watch as they sprout and grow into plants. You can help water them and care for them, learning about the cycle of life and the importance of taking care of our planet. So, get outside and enjoy all that spring has to offer! It's a season of wonder and joy!
