## **Fire That Consumes Biblical Case For Conditional Immortality:**

**The Fire That Consumes** Edward William Fudge, 1994 The paper in this volume are organized in three parts scriptural contextual and theological The central question being addressed is how do Christians living in contexts where Islam is a majority or minority religion experience express or think of the Cross This is therefore an exercise in listening As the contexts from where these engagements arise are varied the papers in drawing scriptural contextual and theological reflections offer a cross section of Christian thinking about Jesus and the Cross

**The Fire That Consumes** Edward William Fudge, 2011-06-01 Evangelical Christians affirm together that a dreadful destiny awaits those who reject God's grace throughout life According to the traditional view that destiny will involve unending conscious torment in hell However believers are increasingly questioning that understanding as both unbiblical and inconsistent with the character of God revealed in the Scriptures and in the man Jesus Christ This internationally acclaimed book now fully updated revised and expanded carefully examines the complete teaching of Scripture on the subject of final punishment It concludes that hell is a place of total annihilation everlasting destruction although the destructive process encompasses conscious torment of whatever sort intensity and duration God might require in each individual case

**Rethinking Hell** Christopher Date, Gregory Stump, Joshua Anderson, 2014-04-15 Most evangelical Christians believe that those people who are not saved before they die will be punished in hell forever But is this what the Bible truly teaches Do Christians need to rethink their understanding of hell In the late twentieth century a growing number of evangelical theologians biblical scholars and philosophers began to reject the traditional doctrine of eternal conscious torment in hell in favor of a minority theological perspective called conditional immortality This view contends that the unsaved are resurrected to face divine judgment just as Christians have always believed but due to the fact that immortality is only given to those who are in Christ the unsaved do not exist forever in hell Instead they face the punishment of the second death an end to their conscious existence This volume brings together excerpts from a variety of well respected evangelical thinkers including John Stott John Wenham and E Earle Ellis as they articulate the biblical theological and philosophical arguments for conditionalism These readings will give thoughtful Christians strong evidence that there are indeed compelling reasons for rethinking hell Peter S Grice Igniting an Evangelical Conversation Glenn A Peoples Introduction to Evangelical Conditionalism Edward W Fudge The Final End of the Wicked Stephen H Travis The Nature of Final Destiny John R W Stott Judgment and Hell Clark H Pinnock The Destruction of the Finally Impenitent John W Wenham The Case for Conditional Immortality Basil F C Atkinson The Doom of the Lost E Earle Ellis New Testament Teaching on Hell Ralph G Bowles Does Revelation 14:11 Teach Eternal Torment Harold E Guillebaud The General Trend of Bible Teaching Anthony C Thiselton Claims about Hell and Wrath Philip E Hughes Is the Soul Immortal Henry Constable Divine Justice Christopher D Marshall Divine and Human Punishment in the New Testament Nigel G Wright A Kinder Gentler Damnation Richard G Swinburne The Future of the Totally Corrupt Kim G Papaioannou The

Date, Ron Highfield, 2015-10-13 This diverse collection of essays in honor of Edward William Fudge explores the topics of hell and immortality for which Fudge has been widely known through his magnum opus *The Fire That Consumes* Most Christians believe people will live and suffer in hell forever but Fudge defends a view known historically as conditional immortality He and a growing minority of Christians believe God will grant immortality only to those who meet the condition of being united with Christ on the Last Day while those who do not will perish forever Although Christians sharing Fudge's view have defended it both before and after him conditionalists today still point to *The Fire That Consumes* as the seminal treatment of the topic In July 2014 Christians from around the world gathered at the inaugural Rethinking Hell conference to celebrate Fudge's life and work and to discuss the nature of hell in an open and respectful forum This volume contains most of the essays presented at that conference and several others volunteered by conditionalists since then as a gift to Fudge for the tremendous impact he has had on them and for the continued work he does for God's kingdom **Two Views of Hell** Edward William Fudge, Robert A. Peterson, 2000-04-10 Here you'll find a frank debate between Edward William Fudge and Robert A Peterson who present strong theological and scriptural evidence for two opposing views of the nature of hell **The Righteous Judgment of God** John Richard Coulson, 2016-12-22 This book seeks to fill a gap on the important topic of God's judgment It is written for Christians who desire to have a biblical worldview that helps them to live faithfully for Jesus Christ It investigates what the apostle Paul has to say in his letters about God's judgment The worldview that emerges is one that must not be ignored of judgment as fundamental to our human life as Adam's descendants of God's judgment at work in the world today and of the final judgment as the certain future for every person At the center is the decisive judgment of our sin in Christ at the cross which is God's answer to our judgment problem For each of these four aspects of judgment key questions are considered with the central question being How do we live in the light of this truth [The Oxford Dictionary of the Christian Church](#) Andrew Louth, 2022-02-17 Uniquely authoritative and wide ranging in its scope The Oxford Dictionary of the Christian Church is the indispensable reference work on all aspects of the Christian Church It contains over 6 500 cross referenced A-Z entries and offers unrivalled coverage of all aspects of this vast and often complex subject from theology churches and denominations patristic scholarship and the bible to the church calendar and its organization popes archbishops other church leaders saints and mystics In this new edition great efforts have been made to increase and strengthen coverage of non Anglican denominations for example non Western European Christianity as well as broadening the focus on Christianity and the history of churches in areas beyond Western Europe In particular there have been extensive additions with regards to the Christian Church in Asia Africa Latin America North America and Australasia Significant updates have also been included on
