Vlad III Dracula Kurt Treptow,2022-07-01 The fifteenth century Romanian Prince Vlad III Dracula also known as Vlad the Impaler is one of the most fascinating personalities of medieval history Already during his own lifetime his true story became obscured by a veil of myths As a result he has been portrayed both as a bloody tyrant who degenerated down throughout the centuries into the fictional vampire of the same name created by Bram Stoker at the end of the nineteenth century and as a national and Christian hero who bravely fought to defend his native land and all of Europe against the invading Turkish infidels Even in more recent historiography the true history of Dracula has been obscured by Communist and nationalist historiography *Vlad the Impaler* Ștefan Andreescu,1999 **Vlad the Impaler** , A bio historical look at Dracula as a human being Dracula Matei Cazacu,2017-07-10 Originally published in French in 2004 Matei Cazacu s Dracula remains the most authoritative scholarly biography of the Wallachian prince Vlad III the Impaler 1448 1456 1462 1476 Its core is an exhaustively researched reconstruction of Dracula s life and political career using original sources in more than nine languages In addition Cazacu traces Dracula s metamorphosis at the hands of contemporary propagandists into variously a bloodthirsty tyrant and an early modern great sovereign Beyond this Cazacu explores Dracula s transformation into the vampire prince in literature film and folklore with surprising new discoveries on Bram Stoker s sources for his novel In this first English translation the text and bibliography are updated and readers are provided with an appendix of the key sources for Dracula s life in fresh and accurate English translations **Dracula** Arie Kaplan,2011-01-15 Recounts the life of the real Dracula a Romanian warrior prince and how some events have become part of modern vampire lore **Dracula** Kurt W. Treptow,1991 Sundays with Vlad Paul Bibeau,2007 Examines Dracula as a cultural icon describing his transformation from a fictional character in Bram Stoker s novel to a figure that has pervaded popular culture *Vlad the Impaler* Enid A. Goldberg,2008 Traces the life of Vlad Dracula a prince who ruled with a thirst for blood so terrible that the most famous vampire in literature was named after him **Dracula** Bram Stoker,2008 *Dracula Roman* Bram Stoker,2014-02 *Vlad Dracula* Michael Augustyn,2014-04 In October of 1448 Vlad is a month shy of his seventeenth birthday when he leads a cavalry two thousand strong to the wooden walls of Tirgoviste They are the last obstacle preventing him from reclaiming the throne held by his father Determined to be his father s son in every way possible Vlad finally walks through the open gates where in due course he plans to free himself of the Turks and declare himself Son of the Dragon Dracula At last he is prince Dracula presides over Wallachia a principality caught between two voracious predators the kingdom of Hungary and the Ottoman better known as the Turks Bitter at God and left wondering if He even exists Dracula faithfully follows his life s purpose to free Wallachia battling criminals and factions who attempt to break him with overwhelming force and terror But as a sultan watches the feud from a distance and gloats Dracula eventually turns his enemies tactics against them finds love is taken prisoner and stands at a crossroads where he is faced with an agonizing

choice renounce his past or embrace his fate In this historical novel a fifteenth century warlord cursed by his church and torn between his code of ethics and his humanity evolves into a legend who soon proves that he is neither a man nor a prince but something beyond both

Riddler's Game - Vlad Dracula S. Kaye Saunders,2006-03 The Ottoman Empire is conquering the world and no one can stop them Constantinople has fallen along with Greece The Baltic countries keep up a vigilant fight for their freedom Prince Vlad Dracula of Wallachia asks for an army from Europe to learn the methods of fighting the Turks Austria alone answers a man that the new German press claims is mad Max von Lessing captains a platoon that will face Dracula But what will they find Rumor or truth Fact or their heads on poles How do you stand before the Devil and survive

In the Shadow of Empires Sir Jens,2013-04 Vlad Dracula three times ruler of Walachia never once ruler of Transylvania indeed he left Transylvania at around the age of 7 when his father took the throne in Wallachia and moved his family from Sighisoara to Tirgoviste and no he didn't have a castle in Transylvania either Neither the one in Bran nor any other Vlad was given as a hostage to the Ottomans in ca 1442 and held there until his father's murder in 1448 He then briefly ruled with Ottoman backing Sent packing he roamed around until he managed to get the throne back in 1456 He ruled for 6 years in what by many is still seen as a golden period where crime and anti social behaviour was as good as eradicated through harsh and very public punishment of those that broke the law impaling was particularly popular He had learned that trick from the Ottomans He enraged Fatih Sultan Mehmet by a series of raids into Ottoman held Bulgaria in the winter of 1461 and in 1462 Mehmet came for him Following a series of guerrilla skirmishes Vlad finally withdrew to his bolthole castle in Poienari which was eventually bombarded by Ottoman cannons and Vlad had to flee to Transylvania Having had enough of him causing trouble with the sultan the Hungarian king Matthias put him in house arrest for the next 14 years partly in Budapest only to support his last reign in Wallachia in 1476 when Mathias needed a strong arm facing the sultan He was killed in battle in January 1477 and his head was sent to the sultan as proof that his long time adversary had died Despite this historic summary most people think that Vlad Dracula was from Transylvania that his castle stands in the Borgo Pass and that he is a vampire The book *In the Shadow of Empires* is a narrative of the historic Vlad Dracula the events he shaped and the events that shaped him It follows Vlad Dracula from cradle to grave and specifically avoids discussing vampires apart from where it is absolutely necessary to link the historic person to nineteenth century fiction writing Written by an international traveller who spent nine years living in Transylvania and couldn't understand why there was no Dracula the book is factual but written in light and accessible language aimed at a general rather than academic audience Dracula Jim Pipe,Francesca

D'Ottavi,1995 Examines science at the time the original Dracula was written and also today and discusses the real life origins of elements of the famous horror story **Dracula** Bram Stoker,2000 *The Complete Dracula* Radu R. N.

Florescu,Raymond T. McNally,1985 Dracula Bram Stoker,1976 **Dracula** ,1978 **In Search of Dracula** Raymond T. McNally,Radu Florescu,1972-01-01 A newly revised edition of the classic account of Vlad the Impaler just in time for
